## Judge To Rule On Coed Death Evidence Ban

ANN ARBOR, Mich. (AP) — A judge rules today on a request by defense attorneys that evidence be suppressed in the case of John Norman Collins, accused of murdering an Eastern Michigan University coed.

The hearing was scheduled for 3 p.m.

Collins, 22, has been ordered to stand trial for first-degree murder in the strangulation of 18-year-old Karen Sue Beineman, one of seven young women killed in the Ann Arbor-Ypsilanti area over a two-year period.

Defense attorney Richard Ryan has asked Circuit Judge John Conlin to suppress "seized materials from the incinerator" of a rooming house where Collins, an Eastern Michigan student lived. Ryan contended the evidence was obtained with a faulty search warrant.

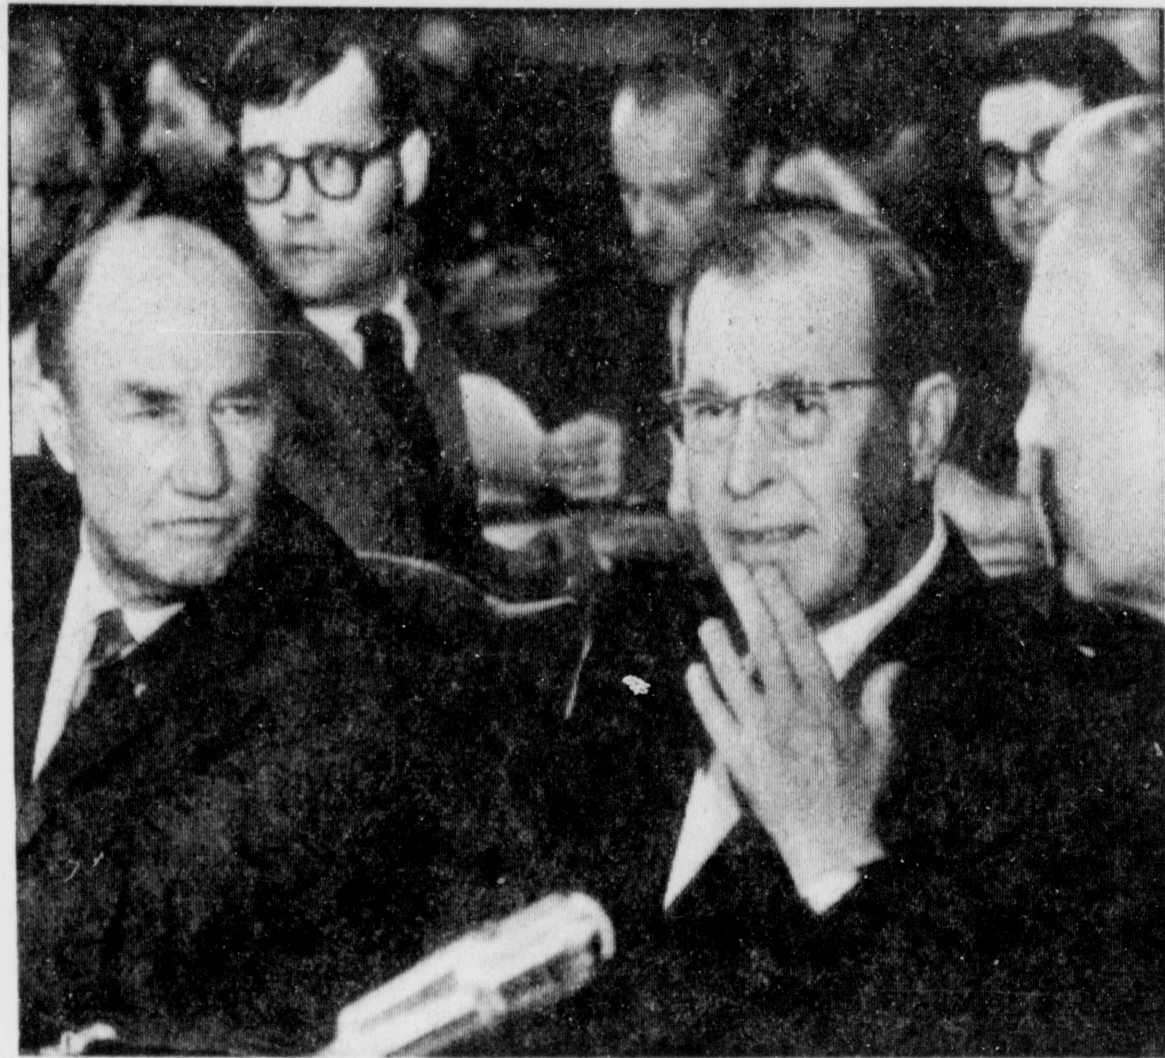

The request was one of several motions filed with the court by Collins' attorney at a brief arraignment earlier this month. Ryan also asked the court to order the prosecutor to disclose "all items of physical evidence taken from the defendant, the deceased, witnesses, the scene of the alleged offense, the automobile of the defendant and the home of the defendant's mother."

He also asked the court to permit him to enter the house of Collins' uncle to check the alleged murder scene.

The prosecution contends that Miss Beineman was slain in the basement of the house in Ypsilanti and her sexually molested body dumped alongside a lonely road on the outskirts of Ann Arbor, about 10 miles west.

At a preliminary arraignment, a witness testified that she saw the victim riding a motorcycle behind Collins on July 23, the day she was last seen alive. Her body was found three days later.

Miss Beineman was a freshman at Eastern Michigan University and Collins was a senior. Four of the other six victims also were coeds, either at Eastern Michigan or at the University of Michigan in Ann Arbor.

JUDGE CLEMENT F. HAYNSWORTH appeared before the Senate Judiciary Committee Tuesday on his appointment to the Supreme Court. Flanking the 56-year-old South Carolinian are his state's senators, Republican Strom Thurmond, left, and Democrat Ernest Hollings. Haynsworth was quizzed about a conflict of interest charge over his holdings in a vending company. (AP Wirephoto)

## Conflict Of Interest Denial Aids Judge

WASHINGTON (AP) — Judge Clement F. Haynsworth's denial of any conflict of interests in a 1963 court decision seems to be drawing some support from the liberal-moderate bloc on the Senate committee considering his appointment to the Supreme Court.

Haynsworth, who was called to testify on his nomination again today before the Judiciary Committee, said Tuesday his part ownership in a vending machine company doing business with a firm involved in the case six years ago had no bearing on his decision.

"I don't see any benefit that he got out of the decision in this case," Sen. Joseph D. Tydings,

D-Md., told newsmen after asking Haynsworth a series of questions.

Similarly, Sens. Hiram L. Pong, R-Hawaii, and Marlow W. Cook, R-Ky., said in separate interviews they heard nothing to

indicate Haynsworth should have disqualified himself from ruling in the case.

The views expressed by Tydings, Pong and Cook, after listening to the testimony, indicated Haynsworth's position was drawing support from the committee's liberal-moderate bloc.

All three had been silent on the nomination of Haynsworth, now chief judge of the 4th U.S. Court of Appeals.

Tydings, who also said it was unfair to call Haynsworth a segregationist as some civil rights leaders have charged, had joined earlier with Sen. Philip A. Hart, D-Mich., in requesting the judge disclose all his outside financial interests.

Haynsworth not only complied with this request but also submitted copies of all his income tax returns from 1957 to date.

## Ford Follows Suit In Hike Of Car Prices

DETROIT (AP)—Ford Motor Co., the nation's No. 2 automaker, today announced its 1970 model cars would cost an average of \$108 more than current models, an increase of 3.6 per cent.

Ford, shooting for a bigger share of the market now held by industry leader General Motors, came up with a price boost smaller than GM's \$125 or 3.9 per cent increase.

The company also said it was holding the line on the price of its fast selling little Maverick, which goes for \$1,995.

Next to the 1970 Hornet being marketed by American Motors, the Maverick will be the lowest priced American-made auto. American Motors says its new Hornet will sell for \$1,994.

Trying to avoid being put at a competitive disadvantage by GM, Ford changed its mind on its warranty program after General Motors announced it was sticking with its five-year, 50,000-mile power train warranty.

Ford, which had announced in August it was trimming its warranty to one year with no limits on mileage or number of owners, now says it will offer a power train warranty of five years or 50,000 at an additional cost.

Ford sold 27.5 per cent of the American-made cars marketed between January 1 and Sept. 10 while General Motors held more than half the market.

Like GM, Ford cited increased costs in labor, materials and taxes as the prime reasons for the price hikes.

Both Ford and GM said a number of previously optional items, such as fiberglass belted tires, would be standard equipment on 1970 models.

## Hurricane Holly Still On Course

MIAMI (AP) — Hurricane Holly maintained a steady course across the Atlantic today, more than 900 miles east of Puerto Rico. Weather Bureau scientists kept watch for a possible attempt to curb its fury.

Reports from Air Force reconnaissance aircraft showed Holly's top winds were 75 miles an hour—minimal strength for a hurricane.

The National Hurricane Center said little change in intensity was expected today. Holly was forecast to continue moving toward the northwest at about 10 m.p.h.

An attempt to bombard the hurricane with silver iodide crystals was tentatively scheduled for Thursday, depending on the storm's location at that time.

## Son Reveals Part In Weird Plot Engrossing Dad, Girl

CHICAGO (AP) — Joel L. Saikin, 25, of Chesterton, Ind., told a Circuit Court jury Tuesday that he buried the body of a young woman whom, he said, his father shot in a Chicago warehouse.

Saikin was the first witness in the trial of his father, Samuel, 53, who is charged with murdering Ella Jean Scott, 18, formerly of Muskegon, Mich., Nov. 4, 1967, in the warehouse of the elder Saikin's firm, Biological Products Co.

**Surgery Rejected**  
Young Saikin told the court that his father shot the young woman because she refused to go along with a plan of his to have her undergo brain surgery.

Purpose of the surgery, he said, was to have been to wipe out her memory, whereupon the elder Saikin would adopt her as his daughter. The witness said the operation was to be performed in an unspecified hospital in Michigan.

The son testified that Saikin had Miss Scott fly in from Las Vegas, Nev., Nov. 4, 1967, apparently to present his proposition, and that after she refused to go along with it he dragged

her, put her into his car and drove to Michigan.

**Father Turns Back**  
The elder Saikin became frightened because he would be unable to explain the girl's drugged condition if stopped by police, the son said, and added that it was this which caused his father to return to Chicago with the girl.

Young Saikin said he saw Miss Scott's body lying in a pool of blood Nov. 5. He said he and his father put the body in a steel drum, then washed the floor to remove traces of blood and covered the floor with used automotive grease.

He said that he took the body to the family farm in Indiana Nov. 6 and buried it in a shallow grave at his father's instruction. He said also that his father instructed him to burn the young woman's clothing and other possessions.

Young Saikin said that he had met Miss Scott in the spring of 1967 and that he began living with her, planning to be married to her later.

**Father, Girl Friendly**  
The witness testified that his father suggested that the couple

move to the family's Chesterton, Ind., farm in June 1967 and that a "close relationship" developed between the father and Miss Scott that summer.

He said he saw his father and Miss Scott "kiss and hug each other" and that his father gave Miss Scott nightly rubdowns, during which time no one was allowed in the family home.

The elder Saikin's wife and two other sons also were living at the home, young Saikin testified.

**Youth Planned Marriage**  
Young Saikin said his projected marriage to Miss Scott was canceled after his father discovered that she had been married to Air Force Staff Sgt. Samuel Mumma, stationed in Omaha, Neb.

The father apparently contacted Mumma, who came to the farm to see his wife, then left with her and did not return until Labor Day weekend, when they were invited by the father, young Saikin said. He added that this was the last time he saw Miss Scott alive.

He testified that he did not return to the family farm after being threatened by his father.

## War Accidents Take Toll Of GIs, Civilians

### Artillery Base Mishap Fatal To Nine Yanks

SAIGON (AP) — Nine Americans and seven Vietnamese were killed in Vietnam war accidents in the past four days, the U.S. Command announced today. Another 17 Vietnamese and 10 Americans were wounded in the incidents.

Most of the American casualties occurred Saturday. U.S. headquarters said nine men from the first Infantry Division were killed and 10 wounded when an explosive charge they were placing near an artillery base blew up.

**Accident Under Probe**  
The accident occurred 33 miles northwest of Saigon and is being investigated.

A U.S. Marine was killed Tuesday six miles south of the demilitarized zone when a helicopter rotor blade hit him. The helicopter was lifting a Marine patrol out after a brief fight.

The 24 South Vietnamese were killed or wounded in an American gunship attack Tuesday in the Mekong Delta about 100 miles southwest of Saigon.

The U.S. helicopter gunships opened fire with rockets and machine guns on suspected enemy troops who turned out to be civilians 18 miles northwest of Bac Lien, a provincial capital.

**4 Men, 3 Women Die**  
U.S. headquarters said four men and three women were killed, and 12 men and five women were wounded.

"The incident is being investigated," a spokesman said.

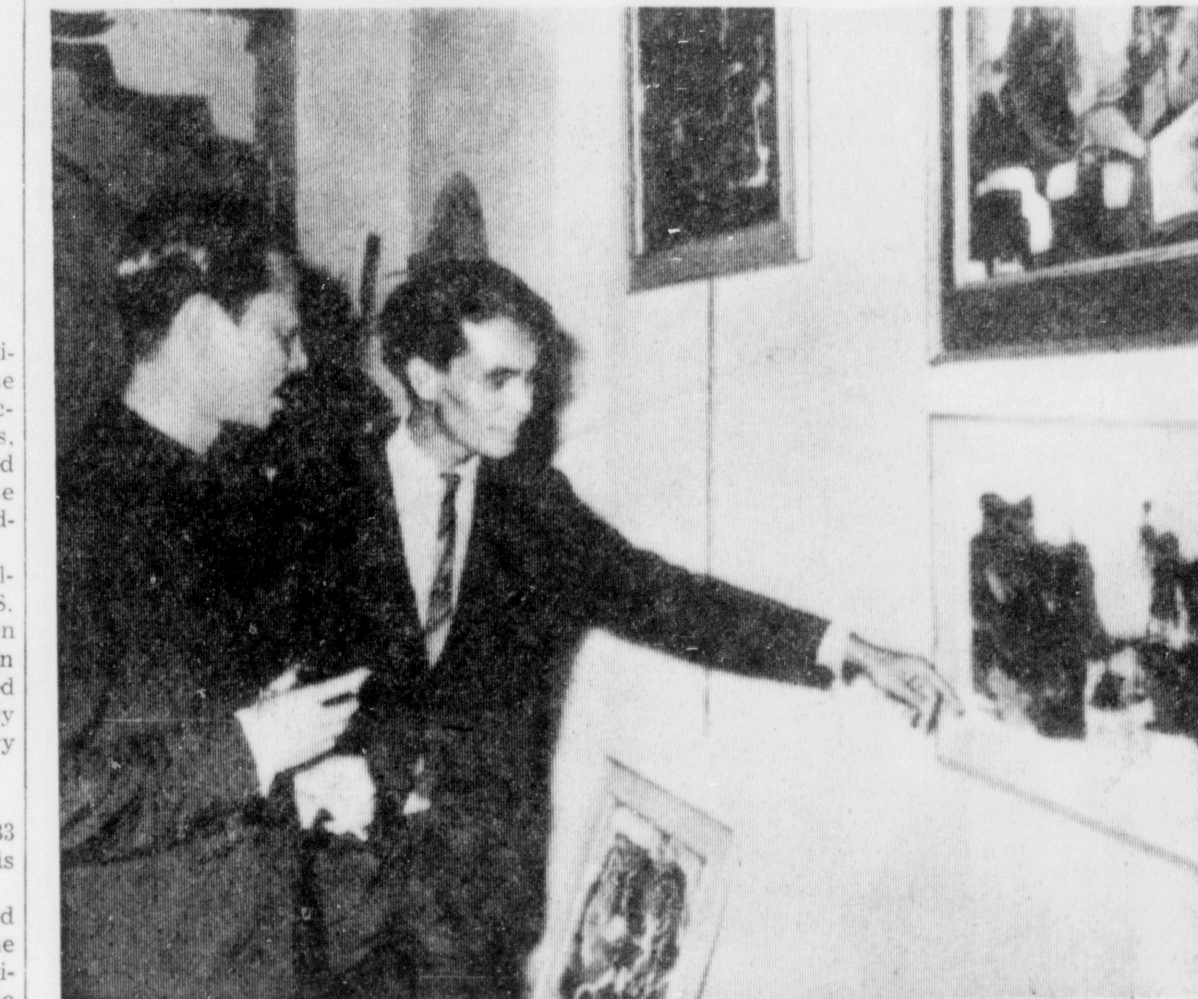

The enemy forces supposed to be in the area were never located, and there was no fighting, spokesmen said.

According to the U.S. account, South Vietnamese regional forces were landed in the area by American helicopters after intelligence reports that there were Viet Cong troops there.

"As the regional force troops were landed," the U.S. Command said, "an unknown number of suspected enemy were observed evading from the area. U.S. Army helicopter gunships supporting the ground force were cleared by the senior government of Vietnam representative on the operation to evade the evading personnel with aerial machine-gun and rocket fire."

**Saigon Takeover Set**  
Meanwhile, military sources said South Vietnamese troops will take over the entire defense of Saigon within the next 30 days, freeing a brigade of American paratroopers.

There was speculation that the 3rd Brigade of the 82nd Airborne Division would be among the 35,000 or more U.S. troops which President Nixon announced Tuesday would be withdrawn from Vietnam by Dec. 15.

VICE PRESIDENT Nguyen Cao Ky of South Vietnam, left, views art exhibition in Saigon where he announced the cuthack of 40,500 American troops by the end of November. President Nixon later confirmed the withdrawal and also said a possible return of 200,000 by the end of 1970. At right is artist, Nguyen Van Toan. (AP Wirephoto)

## Draft Call Reduction Seen As Result Of Troop Cuts

WASHINGTON (AP) — Secretary of Defense Melvin R. Laird indicated today draft calls for the months ahead will be reduced as a result of the new troop reduction in Vietnam and an over-all 20,000 man cuthack in U.S. armed strength.

"The Vietnamization program will have a very substantial effect on programmed draft calls for the months ahead," Laird told a news conference.

**Reforms Asked**  
The defense secretary said he will inform the Selective Service System Friday of the planned changes and will urge Congress that same day to enact reform legislation designed to remove inequities in the draft.

Although Laird refused to say flatly there would be draft cuts, his words carried that clear intent. Sources hinted the October draft call of 29,000 probably will be reduced.

Administration sources indicated meanwhile President Nixon still hopes he may be able to move before the end of the year to boost U.S. troop withdrawals from Vietnam to about 100,000 men.

**Nixon Relays Plan**  
Even as Laird prepared for today's public detailing of Nixon's order Tuesday withdrawing at least another 35,000 troops from the war zone by Dec. 15,

the sources said the manpower situation would be reviewed again, presumably before 1970.

Laird disclosed the latest withdrawal from Vietnam will include the remainder of the 3rd Marine Division, leaving only one Marine division in the northernmost I Corps and shifting more responsibility to the South Vietnamese 1st Division.

The Marine slice of the new withdrawal will total 18,457 men, including support elements.

The Army will send 14,263 men home, including a brigade and support elements.

**Navy Cut Is 5,239**  
The Navy cut will total 5,239 in construction battalions and

support elements, while the Air Force will reduce by 2,541 men in combat squadrons and support outfits.

This total comes to 40,500 spaces a reduction from the authorized ceiling of 549,500 men which never has been met. The actual number of men being pulled out totals about 35,000.

## HHH Expected To Head Demo Policy Council

WASHINGTON (AP) — The Democratic National Committee's new policy council is finally ready for business—and it may provide Hubert H. Humphrey with a platform from which to challenge President Nixon's performance.

Humphrey, the party's 1968 defeated presidential nominee and a possible candidate again in 1972, is chairman of the panel, assigned to keep vigil on the Republicans.

Sen. Fred R. Harris of Oklahoma, the party chairman, and Sen. Edmund S. Muskie of Maine, the 1968 nominee for vice president, are vice chairmen of the Democratic policy council, which has been some eight months in the making.

Muskie and even Harris are considered possible 1972 candidates for the Democratic presidential nod.

Harris announced the council's makeup on the eve of a conference of Democratic state chairmen today, and a meeting of the national committee Thursday.

He appointed 20 Democrats, among them three governors, three senators, three members of the House and two big-city mayors, to the council executive committee.

Harris said 30 prominent Democrats later would be named members at large and six committees which deal with policy and issues in major areas.

## U.P. Convict Is 'Wandering Man'

MARQUETTE (AP) — Authorities say Arnold Moses acted more like a visitor than a convict when he was transferred to the honor camp at Marquette State Prison.

Moses, 29, walked away from the camp just five hours after being transferred there Tuesday from Southern Michigan Prison at Jackson, officials said.

Moses, whose hometown is Nahma, was sentenced for breaking and entering earlier this year in Munising.

He was being sought by authorities.

## TV Networks Plan Censorship Fight

HOLLYWOOD (AP) — Spokesmen of two major television networks say they plan to resist censorship and cater to more sophisticated viewers, but that orders to play down violence will stay in effect.

"Television is becoming more permissive all the time," Michael H. Dann, CBS-TV senior vice president for programs, told a meeting of nearly 400 broadcasting and advertising executives Tuesday.

"I know we are going to continue to be more adult," Mort Werner, NBC-TV vice president for programs and talent, said he saw no concerted drive to censor telecasts and as for "a lowering of the curtain, I don't think so."

"I don't think the networks are going to knuckle in," he added.

Both spoke in answer to questions by members of the Hollywood Radio and Television Society who expressed apprehension over censorship threats.

"Eight to ten years ago there was an intoxicating excitement in television, with an occasional 'hell' and 'damn,'" said Harry Ackerman, vice president and executive producer of Screen Gems, Inc.

**Compared To Czechs**  
"Suddenly it's like Czechoslovakia. Everything's changed. Are the networks going to knuckle in to Pastore and institute a new dark age of censorship?"

Sen. John O. Pastore, D-R.I., who has conducted an investigation of TV program content, is an outspoken critic of violence on the home screen.

Dann commented, "Violence in our society is coming from social change. TV in effect is not responsible for it."

But, he added, "we're going to continue a de-emphasis on violence at all times."

**Negroes Discussed**  
William Self, president of 20th Century-Fox Television, recalled that about a year ago Dann called a producers' meeting on employment of Negro actors and asked if Dann had a progress report.

"All anybody has to do is turn on a set and know there is a phenomenal, explosive use of Negro performers," said Dann. "The great challenge for the industry is to get people on the other side of the camera."

**Girl, 2, Killed**  
SHEPHERD (AP) — Two-year-old Wendy Wurtz of near Shepherd was fatally injured Tuesday night when she fell from her mother's car and was run over by the vehicle. Authorities said the mother, Pamela Wurtz, was backing the auto in the parking lot of a packing house at Shepherd.

Central Upper Michigan—Mostly clear and cool today and tonight with chance of frost tonight. Highs today 58 to 67. Thursday, sunny and cool, highs 60 to 65. Friday outlook, partly cloudy and warmer. Winds northwest 5 to 15 m.p.h. today, northeast 3 to 8 m.p.h. tonight and east to northeast 5 to 15 m.p.h. Thursday. Probability of precipitation: 5 per cent tonight, 10 per cent Thursday.

**Weather**  
Escanaba and vicinity—Partly cloudy and cool this afternoon, highs 58 to 66. Fair and cool tonight with a chance of scattered frosts, lows 34 to 40. Thursday, fair and not much temperature change. Sun sets today at 6:56 p.m., rises Thursday at 6:30 a.m.

## Merit Scholarship Lists Semifinalists

Three Escanaba young people have been named semifinalists in the 1969-70 National Merit Scholarship program, it is announced today.

They are:

Margaret Mosenfelder, the daughter of Mr. and Mrs. Robert Mosenfelder of 1300 8th Ave. S.; and Fredric Jurnu, son of Mr. and Mrs. Raymond Jurnu of 1601 Lake Shore Drive, both seniors in Escanaba Area Public High School.

Gary J. Corbett, the son of Mr. and Mrs. Francis Corbett, 208 N. 10th St., and a senior at Holy Name High School.

Names of the semifinalists for their schools were announced by Brother Mark, Holy Name High School boys' department principal; and Robert J. Micensky, principal, Area High School.

The three are among 15,000 of the nation's most intellectually talented high school seniors who will compete for about 3,000 Merit Scholarships to be awarded next spring.

The semifinalists were the highest scorers in their states on the National Merit Scholarship Qualifying Test which was given last February to some 750,000 students in 17,250 schools nationwide. They constitute less than one per cent of the graduating secondary school seniors in the United States.

The semifinalists are representative of the country's most intellectually able young people, according to Edward C. Smith, president of the National Merit Scholarship Corporation. "From this group will come many future leaders in business, industry, and the professions," he said.

Semifinalists must advance to finalist standing to be considered for the Merit Scholarships to be awarded next spring. Semifinalists become finalists by receiving the endorsement of their schools, substantiating their high NMSQT performance on a second examination, and providing information about their achievements and interests.

## Suez Shoreline Plane Target

TEL AVIV (AP) — Israeli planes hit Egyptian military targets on the western shore of the Gulf of Suez today in Israel's seventh air strike across the gulf in nine days, the Israeli army announced.

The planes returned safely from the 30-minute attack at Raz Zaharana, 70 miles south of Port Suez, the spokesman said.

Farther north, Israeli and Egyptian artillery battled intermittently across the Suez Canal today, and one Israeli soldier was wounded, the Israeli army reported.

Egyptian antitank and artillery fire hit an Israeli patrol north of the Bitter Lakes, a spokesman said.

The army also said five border policemen were slightly wounded during the night when their patrol came under small-arms fire and a grenade attack across the Suez Canal. The communiqué said there was repeated firing along the canal, and the casualties occurred south of the Bitter Lakes.

Three children in the Gaza Strip town of Rafiah were wounded Tuesday when a bomb they were playing with exploded.

## NOTICE TO BIDDERS

The Delta County Road Commission will take bids for the following items of equipment at their regular meeting to be held at 9:00 o'clock, A. M., C.S.T., September 23, 1969. Bids must be received at the Commission's office at Wells, Michigan by 9:00 o'clock, A. M., of said day.

Bids are requested for: —  
Production and stockpiling of 20,000 cubic yards of crushed stone in the following sizes: —  
12,000 cubic yards passing 2" mesh.  
8,000 cubic yards passing 3/4" mesh.

Stockpiling and removal privileges must be furnished for a five (5) year period after date of last production. Bid price will be quoted as total price in stock, including royalty charges, stocking privileges for five years, etc. Produced material will be stocked in or near "That portion of the NE 1/4 of the SW 1/4, South of Highway US-2; located in Section 3, T40N R19W."

The Road Commission reserves the right to waive defects or reject any and all bids on any of the items. Specifications on these units can be obtained at the Commission's office or by writing to Box 298, Escanaba, Michigan 49829.

About 97 per cent of the semifinalists are expected to become finalists, and each will be considered for one of the 1,000 National Merit \$1,000 Scholarships. Many will also be considered for the renewable four-year Merit Scholarships provided by some 400 corporations, foundations, colleges, unions, trusts, professional associations, other organizations, and individuals.

Winners of four-year Merit Scholarships may receive up to \$1,500 a year for four college years, depending on their individual need. Winners of the National Merit \$1,000 Scholarships will receive their non-renewable one-time awards upon enrollment as full-time students in accredited U. S. colleges or universities.

Names of the 1969-70 Merit Scholarship winners will be announced April 30, 1970. Some 21,600 students have received Merit Scholarships in the 14 annual programs to date. About \$67 million in financial assistance to Merit Scholars and their colleges has been expended or committed through the Merit Program.

Other semifinalists in the Upper Peninsula:

David C. Eaton, Houghton; Robert J. Badini, Joanne Damm, John A. Marston, Valerie S. Mueller, Bradley N. Seidl and Peter H. Trembath, Iron Mountain; Mark F. Deroche, Iron River; David R. Nerenz, Ironwood.

Robert Billington and Mary K. Gunderson, Ishpeming; Vicki L. Homes and Jeffery K. Jacki, Menominee; Dale M. Hamari, Bishop Baraga Central High School, John D. Hilton and Steven E. Quinell, Marquette senior High School, Marquette; Ronald W. Fuller and Vicki L. Macky, Newberry; Michael W. Luce, Danny R. Royer and Sarabeth Stewart, Rudyard; Thomas M. Boger, Loretto Central, and Beth A. Barron, Sault Ste. Marie High School, Sault Ste. Marie.

Linssen Promoted By U.P. Power

Wisconsin Michigan Power Co. recently appointed Robert J. Linssen supervisor of engineering for the Upper Peninsula and northern Wisconsin service areas.

He is responsible for administering the utility's engineering policies. Linssen is working in the Iron Mountain office where he will replace Richard Look, resident engineer, who retires Nov. 1.

The new engineering supervisor was transferred to Iron Mountain from the company's engineering division in Appleton, where he had been a senior engineer and overhead distribution engineer since 1966.

Spanish Course

IRON MOUNTAIN — Northern Michigan University's field course division will offer a course in beginning Spanish at Iron Mountain High School beginning at 9 a. m. Saturday, Sept. 27. Students will be registered and pay tuition at the first session. Further information is available from the instructor, Olaf R. Blomquist, 115 N. Forest St., Iron Mountain, telephone 774-1200.

On Dean's List

William E. Woolford has been named to the dean's list for academic excellence for the summer session and also the Spring semester at Northern Michigan University. He attained a scholastic average of 3.50 out of a possible 4 points. Woolford is a senior majoring in English. He is the son of Mr. and Mrs. Paul Woolford of this area.

Grant Awarded To NMU Aide; Fly Subject Of Study

MARQUETTE (AP)—A \$22,445 Public Health Service grant has been awarded to Dr. Luther S. West, dean emeritus of arts and sciences at Northern Michigan University, to bring together the world's technical literature dealing with the common housefly.

West, considered a world expert on the housefly, said there is a growing need by teachers, scientists and health investigators for an annotated bibliography on the housefly.

## Rotary Hears Varnum: Better Highways Top U.P. Need, Says Legislator

State highways in the Upper Peninsula are in a shameful condition and the State Highway Commission is also beginning to realize this and hopefully will do something to improve them, Rep. Charles H. Varnum (R-Manistique) told the Rotary Club of Escanaba Tuesday noon.

The four legislators from the Upper Peninsula do stick together on "things the Peninsula most needs," and regardless of politics works for them, Varnum reported.

"Our No. 1 need is the upgrading and improving of our highways," said Varnum, who noted that he traveled some 60,000 miles a year.

"I'm ashamed of our state highways in the Upper Peninsula and I know that you are, too," he told the Rotarians. "We have consistently directed the attention of the Department to this and now I think the Department realizes this also."

Tobin Praised

While the U. P. has only approximately 350,000 residents, its roads are traveled by millions of people and about half of the total traffic comes from Wayne County, Varnum said. Legislators on a tour of the Peninsula earlier this year were deeply impressed with the highway needs of the region, he added.

The appointment of an Upper Peninsula man, Claude Tobin of Escanaba, to the Michigan Highway Commission, is "an important step that will be favorable to the whole Peninsula." By having a voice on the Commission, the U. P. will have its needs more fully recognized.

Varnum praised Tobin for his interest in highway needs and said he is confident that Tobin will do a good job in representing the whole state.

The regional office of the State Highway Department will be continued in Escanaba and will be enlarged, Varnum said he has been assured. The Department had proposed the removal of the office at Escanaba to Crystal Falls, but after Varnum's call for reconsideration, the Department said it would stay.

NOTICE TO BIDDERS

The Delta County Road Commission will take bids for the following items of equipment at their regular meeting to be held at 9:00 o'clock, A. M., C.S.T., September 23, 1969. Bids must be received at the Commission's office at Wells, Michigan by 9:00 o'clock, A. M., of said day.

Bids request for:

Two (2) — Low center gravity industrial tractor mowers with 7' 0", hydraulic powered sickle bars and flotation type tires, front and rear.

Above unit will be equipped with high output generators or alternators.

No trade-ins on this purchase.

The Road Commission reserves the right to waive defects or reject any and all bids on any of the items.

Specifications on these units can be obtained at the Commission's office or by writing to Box 298, Escanaba, Michigan 49829.

## AEC Planning Weapons Tests In Two States

LAS VEGAS, Nev. (AP) — The Atomic Energy Commission, pleased with the success of a near-megaton underground blast, pushed plans today for even more powerful weapons tests in Nevada and Alaska.

Robert Miller, the AEC's Nevada operations manager, termed "very successful" the detonation Tuesday on Pahute Mesa, 110 miles north of Las Vegas, of a nuclear device that shook several western states and made tall buildings sway as far away as Salt Lake City, 340 miles northeast.

The \$3 million test, which Miller said was "very important to national security," had an explosive yield officially described as somewhat less than a megaton. A megaton is the equivalent of a million tons of TNT.

Unofficial sources estimated the force at about 800,000 tons and linked the blast with development of a warhead for an antimissile system.

An AEC spokesman said a one-megaton shot is scheduled at Amchitka, in the Aleutian Islands off Alaska, next month. If that area proves safe, he said, tests of several megatons will be conducted there in the future.

Bernard Brawley and the Rotary meeting was conducted by President Thomas Straebel.

## More Jobs Cited As Top Priority For Peninsula

BY JEAN WORTH

MARQUETTE—The number one need of the Upper Peninsula is jobs, Gov. Milliken's fact-finding tour of the Upper Peninsula is being told.

In some cities visited so far the number one need has been identified as better highways, but when it gets top priority it is usually because of the expressed belief that the U. P. cannot create more jobs without making itself more attractive to industry by providing modern highways for long distance trucking.

Richard Whitmer, director of the Michigan Dept. of Commerce, is conducting the meetings with governmental and business leaders in 10 U. P. cities. He was scheduled to arrive in Escanaba from Manistique today. Tuesday's tour started at Sault Ste. Marie and took Whitmer to Munising and Marquette.

At the Soo and also at Munising, speakers wanted to keep the Upper Peninsula unspoiled, but they also wanted to provide its people with a living so that most of its high school graduates would not use their diplomas as a departure ticket.

Run A Pattern

The meetings run a pattern of sorts. The purists plead not to louse up the U. P. Local government officials worry about the eroding tax base. Community leaders ponder new ways of meeting problems like the out-migration of youth, the growing demands for funds for government services, and the developing dependency of local communities upon the federal government.

Dr. Neil Grossnickle, M. D., of Munising, said he is concerned about aesthetics.

"I would not like to see industry come here. I'd like to keep it out," he said. "Our highway advertising is a disgrace throughout the Upper Peninsula. We have auto junkyards like festering sores, junky signs, 50 pasty shops out of St. Ignace."

Back Road Poverty

But District Judge Charles Stark said Alger County is designated as a depressed area and that means hungry people and neglected children. Our poverty is not in the ghetto, but on the back roads, but it is there, he said. When it comes out of hiding you see it in the court and in the doctor's offices, he said.

"Many do not want more people here. Progress is always a mixed blessing, but no one with compassion will deny that we need jobs for our people. They love this area and they don't want to leave it. Many can't leave. They haven't any means," Stark said.

Munising School Supt. William McNeil said Alger County's population is declining for lack of employment for the young. His study of high school classes gave him little cheer, he said, because of 37 graduates in the class of 1965 who went to college only one returned to Munising—to teach school. Of 26 graduates who entered the labor force in 1964, only nine did so in Munising.

"Alger County is losing a lot of good people who would like to live here," he said.

Bonded To Limit

Chatham Mayor George Lepimaki said his community of 275 had bonded itself to the limit — \$152,000 for 40 years—to provide a water system and now the state is demanding a sewage treatment plant and Chatham doesn't know where to turn for the money.

Munising Mayor Henry St. Amour said his city still owes \$485,000 on a \$600,000 sewer system and "now the state says it's too small and outmoded. If we are going to grow with the new Pictured Rocks National Lakeshore we are going to have to have some help from the state."

Marquette spokesmen were concerned with the loss of more than 300 industrial jobs in the closing of Royal Oak Charcoal. Banker Ben Myler said the state might aid the area by expanding its banks' lending capacity with deposit of more state funds.

## Gustafson Pastel In Michigan Show

An abstract, pastel drawing by John Gustafson of Gladstone, titled "Mourning Mushroom" has been selected and is on display at the Grand Rapids Art Museum as part of the Fourth Biennial Michigan Painters-Printmakers Exhibition. The exhibit runs from Sept. 21 through Oct. 19 and features the work of strictly Michigan artists. Gustafson teaches art at the Escanaba Area Public High School and Bay de Noc Community College.

# Supervisors To Study Air Control Proposals

**BY BOB GREGG**  
The Board of Supervisors, in a meeting Tuesday night at the Delta County Building, told representatives of the Delta County Citizens Committee to Save Our Air that it would need at least two months to study a proposed air pollution control ordinance presented by the Committee to the Board at the meeting.

The Delta County Citizens Committee to Save Our Air was formed after Mead Corporation announced it plans to build a sulfate pulpmill.

John Walbridge, a director of the committee, presented the ordinance which was drafted after an extensive study.

The air pollution control ordinance, if adopted, would establish an air pollution control board of Delta County citizens to enforce clean air standards. The proposed ordinance would establish local procedures for obtaining reasonable and binding commitments for the abatement of air pollution problems. Should such commitments be refused, or violated, abatement could be sought by court order.

In concluding his presentation Walbridge said: "We have an opportunity to be a community with an ideal of a perfect environment. This is a good ordinance and a lot of work has gone into it, and it's not restrictive to the point that it stifles industry."

Walbridge called for a public hearing at next month's board meeting, but the board said it would need more time.

**Time For Study**  
"I need more than 30 days to study the ordinance," said supervisor Stanley Dominic.

"We have several meetings this month, and I don't think we can go ahead now and make a snap judgment," said H. George Nelson, board member from Escanaba.

"I think you people did a wonderful job and should be commended, but I would like more time to study your proposal," said Board Chairman Frank Stupak of Gladstone.

"I don't know the answers, but I would like, say two months, to study the ordinance and ask our prosecutor his opinions," Stupak added.

County Prosecutor John Beauchamp was in attendance at the meeting, but was not called upon to comment.

The board turned down Walbridge's request for an October public hearing, but said it would take the matter under study and would hold a public hearing in the near future.

"We want everybody to have the opportunity to acquaint themselves with the ordinance before a public hearing is held," Stupak said. "You are asking for a meeting in 30 days,

well, I think you should be reasonable and extend that request another 30 days, giving us two months to study the ordinance," he stated.

**Committee To Help**  
Walbridge told the board that his group would be glad to help in any way it could to expedite the adoption of the ordinance, and if the board had any questions members of the Save Our Air Committee would be more than willing to answer them.

"We would be glad to meet with you at any time to discuss any aspects of this ordinance that you may have questions about," Walbridge said.

"This Board is going to be very busy the next two or three weeks and we just don't have time to consider the ordinance at this time," Stupak told Walbridge.

Walbridge said that the ordinance was easy to live with, and that persons or industries who do not pollute our air do not have anything to worry about.

"I earnestly recommend that the Board not side-step the ordinance or push it aside or committee it. Let's act on it," Walbridge said. "The most serious thing in the world today is pol-

lution. People are concerned, and the world is looking at us and we have a responsible major industry in our community who are responsible people and want to solve the problem," he added.

**Be An Example**  
"We have a community here that could be an example to the rest of the world," Walbridge said, "but we must have an earnest effort on the part of everyone."

"You must believe me when I say that this Board is sincere in our consideration of this ordinance," replied Stupak. "We are not going to allow any industry to come in here and pollute what we have."

The Mead Corp. has announced plans to build a sulfate pulpmill on the Escanaba River. The Save Our Air Committee is worried about air odor and pollution resulting from pulpmill operation.

Mead officials feel they can build a pulpmill without the odor problems normally associated with sulfate mills.

Harold Vanlerberghe, board member and Mead employee, told the Save Our Air Committee that he would give careful study to the proposal.

"As an elected official I can't afford the luxury of emotionalism. I am a supervisor first, and an employee second," Vanlerberghe said. "I like clean air too! This Board is not going to side-step this proposal."

Raymond Sabuco, a member of the Save Our Air Committee, questioned Dominic and Vanlerberghe as to a possible conflict of interest in their consideration of the ordinance. They are both employees of Mead Corp.

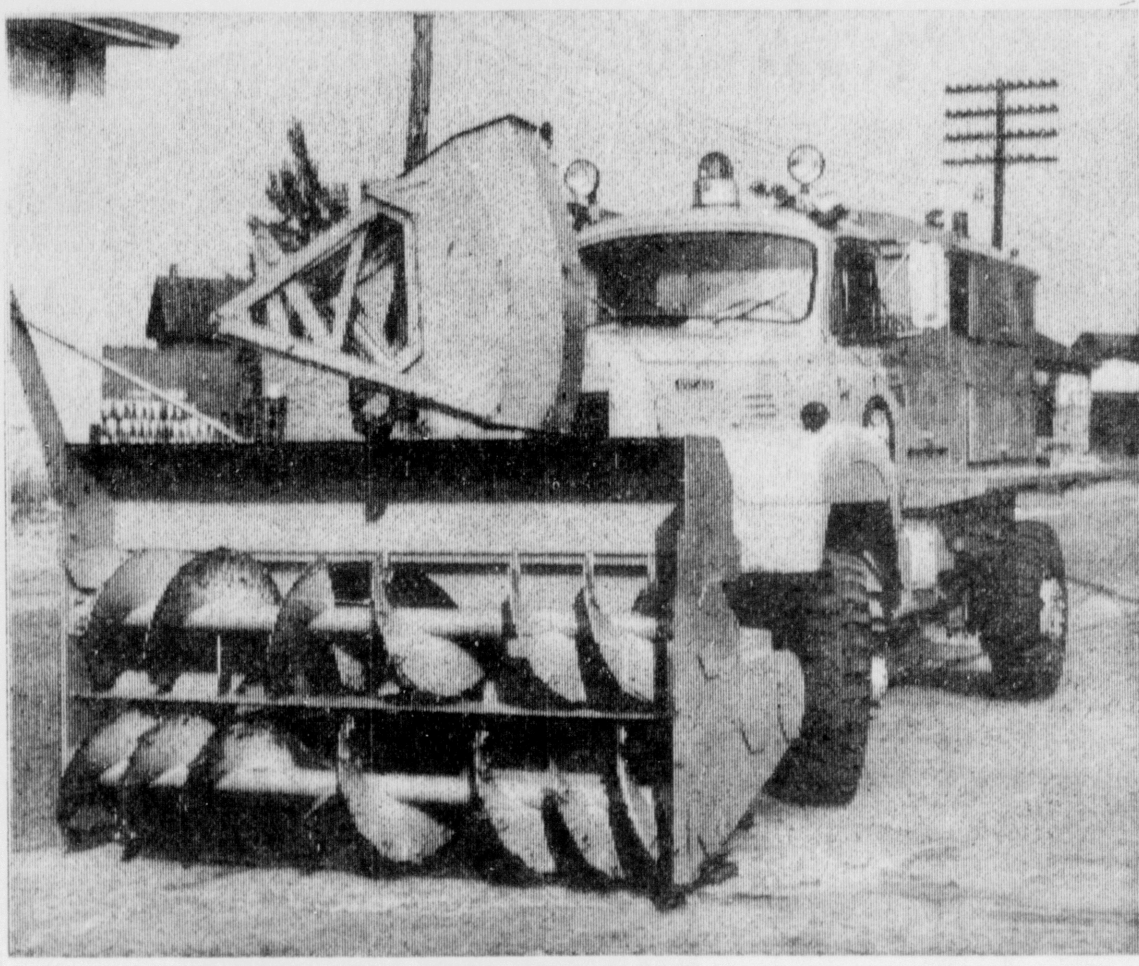

"During the day I work for Mead Corp. I am an elected County official and I will do my best for the people of this county, not for any individual industry," replied Dominic. Vanlerberghe had previously made a similar statement.

**Other Items**  
In other business, the Board set Oct. 13 as the date for a public hearing on the 1970 proposed budget.

Robert LeMire was appointed at the request of Board member Phillip Maron to fill a vacancy on the Delta County Building Authority. James Pinar and Jack Miller, Jr., were appointed lay members to the Advisory Board of the "Drivers Safety School."

A resolution of commendation was presented to the County Board by the City of Escanaba for the Board's support of airport improvement.

The meeting closed with the adoption of the 1970 Marine Safety Program and the annual report of the Delta County Planning Commission Corporation.

WINTERTIME IS STILL a long way off, or we hope so, but the City of Escanaba must think ahead if snow removal is to be done effectively. This snowblower can handle 25 tons a minute and will be used on streets and at the airport. It recently arrived from Detroit airport and was purchased by Escanaba for \$12,000. Detroit is getting bigger machines. The unit cost \$40,000 when it was new back in 1960. (Daily Press Photo)

## Romney Nixes Job In Senate

LANSING (AP) — Gov. William Milliken said today he believes former Gov. George Romney will remain in his federal post and not seek a Republican U.S. Senate seat in 1972.

"I have not discussed it with him directly," Milliken said of the man he succeeded. "But the last time I saw him — Los Angeles — I received the impression that he will continue as secretary of Housing and Urban Development."

Milliken said Romney spoke of his federal post under President Nixon as "a great challenge."

"I have no reason to believe he will not continue with HUD," Milliken repeated.

"But who knows . . ." he added. Milliken said the Republican Party does hope to reach early agreement on one candidate for the U.S. Senate to oppose Sen. Philip Hart, D-Mich.

"That does not close out the entry of any other man or woman," Milliken said at his morning news conference.

"If there is no substantial agreement on a candidate, we will have an open primary," he said.

Milliken said it is very possible other candidates (than the party selection) will enter the field.

Milliken was asked for possible names. Milliken said Chief Justice Thomas E. Brennan of the State Supreme Court has been mentioned as a candidate.

"There are others mentioned I can't recall," he said.

## Social Security Increase Eyed

WASHINGTON (AP) — President Nixon said today he will ask Congress for an increase of 10 per cent in Social Security payments, effective next April 1.

The President made the announcement, without elaboration, just before he signed a bill extending the federal support program for local projects for older Americans.

He said he considered the occasion an appropriate time to make the announcement about Social Security because older Americans are affected substantially by the rising cost of living.

Nixon said he will send the request to Congress next week.

## Berlin Hassle Could Dissolve

LONDON (AP) — The Soviet Union in notes to the Western Big Three has kept alive prospects of East-West talks aimed at defusing the Berlin powder keg permanently, diplomatic officials said today.

Informants said a joint American, British and French statement will soon announce receipt of the Soviet message.

It was relayed in Moscow Friday in the form of an answer to a joint Western approach that sought to probe the significance of a statement made by Soviet Foreign Minister Andrei A. Gromyko last July.

Gromyko hinted then that Russia may be ready for talks aimed at "eliminating now and forever complications around West Berlin."

Terms of Russia's new message were made known to the permanent council of the North Atlantic Treaty Organization in Brussels today.

Pfc. Jerry Olson called his mother, Mrs. Betty Olson, from Australia on Wednesday night where he was on R and R leave. He returned to Vietnam on Thursday.

# Goose Hunting Ban Continued

SENEY — The Michigan Department of Natural Resources Commission has approved continuation of the goose hunting closure around Seney National Wildlife Refuge in the Seney-Germfask area.

The 95,455 acre refuge itself is closed to waterfowl hunting, although it is open for big and small game hunting. Recommendations for the fourth year of the closure came from federal and state wildlife biologists concerned with the status of the local goose flock.

In addition to the Seney closure the U.S. Fish and Wildlife Service has ordered a closure of all waterfowl hunting on the 51,250 acre Tennessee National Wildlife Refuge in Western Tennessee. This refuge, previously open for duck and goose shooting, is the primary wintering ground for the Seney goose flock.

Goose hunting was first prohibited in the Seney vicinity in 1966 after the return of only Canada geese in the spring of that year indicated that certain protective measures were needed to assure perpetuation of the flock. A combination of disease, predation and heavy local hunting pressure were

problems responsible for the decline.

Several factors prompted biologists to recommend another year's closure of goose hunting. Even though nesting surveys this year showed nesting pairs increased from 211 to 243, up 15 per cent over the previous two years, the increase was not as large as had been anticipated. The returning spring population was nearly 1,000.

In spite of the losses from bird malaria the refuge flock has continued to increase, primarily because of the protection afforded by the goose hunting closure. Refuge biologists recommend that a minimum nesting population of 300 breeding pairs is necessary to maintain the Seney goose flock. With a flock of this size it is hoped that hunters, as well as the nearly 100,000 refuge visitors that come to view the geese, can enjoy the birds.

Developed by the National Radio Astronomy Observatory, the extremely high-speed, special-purpose computer, called an auto-correlation receiver, is used to measure the movement of our galaxy within the universe.

## WE WANT TO THANK OUR FELLOW CITIZENS

For their spirited support of our efforts by attending our public meeting on the proposed Delta County Air Pollution Ordinance. We regret that the overflow crowd kept all from getting in and we thank the many fine people who listened through speakers outside. We are proud to have an opportunity to serve a community like ours! In the weeks ahead, we ask your continued support in our efforts to seek passage of a model county air pollution ordinance.

### THE FUTURE DEPENDS ON YOU!

## British Banks Up The Lending Rate To Nine Per Cent

LONDON (AP) — British commercial banks today raised their prime lending rate to 9 per cent, further tightening Britain's credit squeeze.

The increase followed similar action last week in Austria, West Germany and Switzerland. U.S. commercial banks raised their prime rate on June 9 to 8.5 per cent, the highest ever. But because of the Federal Reserve Bank's restrictions on lending, the prime rate actually works out to 10.6 per cent.

The prime rate is the interest banks charge on lending to their biggest and best customers.

With the new increase in London, interest charges for ordinary borrowers go as high as 11 per cent. The British banks said their action was taken "to reduce the current pressure on bank lending." Permission for the increase was given during a meeting of Chancellor of the Exchequer Roy Jenkins and commercial bank representatives.

## Schoolboy Dies

ALPENA (AP) — A seven-year-old Lachine boy, William Wozniak, was killed yesterday after getting off a school bus near Alpena. Police said the boy was struck by a car while crossing the street after emerging from the bus.

## Bond To Speak

UNIVERSITY CENTER (AP) — Julian Bond, Negro member of the Georgia Legislature, will speak on "What's next for the Black Man" at Delta College Thursday. He will appear on the Delta College Council's "Viewpoint" series, which has scheduled Ralph Nader for Nov. 5 and Nat Hentoff March 18.

## Hunting Safety

For years, Michigan's organized sportsmen urged passage of legislation requiring youngsters to pass an approved hunter safety test before being eligible to purchase hunting licenses. Now, that has become reality.

A bill was passed in the Legislature this year and signed by Gov. William Milliken that makes it mandatory for young hunters to prove they can handle firearms safely before being licensed. The measure sets a minimum age for hunting at 12 years, something that was never spelled out in Michigan before (except for deer hunting). After the bill takes effect, youngsters from 12 to 17 years applying for hunting licenses must present a certificate proving they have received gun safety lessons in an approved course or that they can pass a gun safety examination.

The provision is similar to that already in effect requiring youngsters to pass an approved boating safety course before they can legally operate a powerboat and that requiring young men and women to pass a driver education course before they can obtain a driver's license.

Gun safety courses will be offered by the Michigan Department of Natural Resources, which has conducted voluntary courses in hunting safety for several years. In the Upper Peninsula, Paul V. Challancin of Marquette, regional information officer for the DNR, long ago initiated a series of hunter training programs that were presented to high school groups — programs already have been offered at Escanaba Area and Holy Name High Schools this fall — throughout the region prior to the start of deer hunting seasons each year.

These programs undoubtedly exposed many youngsters to hunting safety education who otherwise might never have received this information.

However, attendance at these programs was not a requisite for obtaining a hunting license. And programs were restricted to one session, which permitted time only for teaching on the highlights of hunting safety.

Under the new legislation, youngsters will have to learn about hunting safety through clinics conducted by the DNR or the National Rifle Association or some other organization or through their own efforts.

The net result expected by the sportsmen, the Legislature and others who supported gun safety courses as a requisite to licensing is a reduction in the rate of firearm accidents.

Certainly, this new legislation should improve Michigan's hunting safety record.

## A New Beginning

The First week in October could mark a new beginning for the United States Supreme Court.

When the court term opens, Chief Justice Earl Warren and Justice Abe Fortas will be gone. In their places will sit a new chief justice, Warren E. Burger, and — if the Senate consents — a new Justice, Clement F. Haynsworth Jr.

Because many of the controversial decisions of the Warren era were handed down by a slim 5-4 vote, it seems probable that the delicate balance on the court has now been tipped toward the conservative side. The records of both Burger and Haynsworth point to a stricter view of the Constitution than has prevailed recently.

Burger and Haynsworth are considered probable allies for Justices Harlan, Stewart, and White, frequent dissenters from the liberal direction of the court. Harlan, who once before led a conservative majority, could again become a spokesman for the court.

Although the past records of jurists do not always indicate how they will perform, the likely prospect is for a court that will be less interested in political and sociological considerations and more concerned with the written Constitution.

How far the court will proceed in a conservative direction is, at this point, a matter of conjecture. It will depend on whether it considers controversial Warren rulings as settled law or open to revision.

Although the new court may hesitate to reverse Warren decisions, preferring instead to move by shades and nuances, there is no particular reason that the work of the Warren court must be accepted as fixed.

At one time the court followed the rule of "stare decisis," meaning that precedent established by previous courts is binding. In case after case, however, the Warren court all but destroyed this rule. On state legislative apportionment, for example, the court discarded the existing body of constitutional law and wrote its own. Admirers of this era will thus find it difficult to claim the protection of "stare decisis."

The new court is free, if it wishes, to alter or reverse the Warren revolution. Institutional restraints which once existed were all but removed by the Warren court itself.

## Peninsula Potpourri

The city charter commission has completed a proposed new charter for the City of St. Ignace. It is to be submitted to the state attorney general and Governor for approval in time to be presented to voters Nov. 4. Changes in the proposed charter include a council-manager form of government, elections to be held in the fall to coincide with congressional elections and establishment of a six-member city council in place of the present eight-member governing body.

The Newberry Village Council took no official action regarding use of state highway funds in that area, but E. L. Munson, village president, and Councilman Jim Mills both expressed opinion during discussion of the subject that the Michigan Highway Department should work toward a four-lane highway along the present M-28 route before starting construction of a road along the Lake Superior shoreline north of Newberry.

Iron Mountain police arrested a 23-year-old man, Terry Khoury, on a charge of negligently setting a fire. The blaze, which was in a storage and trash area behind the Wolverine Discount Store, caused damage estimated at \$700.

## "NOW LET'S HEAR IT FOR SOUTH VIETNAM!"

## Letters To The Press

### ONTONAGON STENCH

I have been following the efforts of the "Save Our Air Committee." However, until recently I wondered if the situation was as serious as claimed.

Last month I spent a week in the Ontonagon area in Upper Michigan where another kraft plant is located. Approximately 10 miles out of Ontonagon a strong smell which resembled burning tires enveloped me. I made several subsequent stops thinking car trouble was imminent.

In Ontonagon the stench was terrible. I spent the day shopping in the town and talking to several people about the smell. They all expressed negative opinions about it. The odor penetrated everything, including the stores. There is no getting away from the smell, except to leave the area.

The Ontonagon plant is much smaller than the proposed Mead plant and if the smell is proportionate to the size, I wonder how strong and how far it will spread?

What's the answer? We all want industrial growth in our community, but can the odor be stopped? If not, is it worth sacrificing the air we breathe?

Mrs. Karen Meyer  
Old State Rd.  
Escanaba

### PINE MARTEN

The DNR recently released some martens in Delta County, at what cost I don't know. Now they have closed a large portion of Delta County to all land trapping. For whose benefit? The DNR stated at the time of the marten release that they don't expect martens to become plentiful enough to warrant a season on them. The marten is a carnivorous animal and their food consists of rabbits, squirrels, mice, birds, and eggs.

The license buying sportsmen are paying for an experiment that more than likely will "fizzle out," like the marten release in the Porcupine Mountains some years ago. Meanwhile, for five years, eastern Delta County trappers will be deprived of thousands of dollars of additional revenue from trapping coyotes, fox, raccoon and mink. Small game hunters will have less game to hunt because of an increase in predation. And probably more important in the long run, a minority group, this time the trappers and hunters of Delta County, are having their rights encroached upon by special interest groups who are more affluent. Considering the potential gains versus the potential losses I would say the marten release experiment borders on the ridiculous.

Glenn Johnson  
Rte. 2, Bark River

### THANKS TO AREA

Tour 21 would like to extend our gratitude to the businessmen and citizens of Escanaba. Each individual contribution made our trip more enjoyable. The gifts we received will always be remembered as being received from the fine people of your community. Tired and travel-weary, we

were uplifted by your unselfish giving.

U. N. Bus Tour 21  
Oregon, Idaho, Utah,  
Cheryl Sandy, secretary  
Hagerman, Idaho

(Each year in July or August, Phoebe Rebekah Lodge 179, Escanaba, feeds a bus load of youngsters that have been on a U.N. (United Nations) pilgrimage. The youngsters are chosen and sponsored by their home town Rebekah Lodges. As they travel they stop at many Rebekah Lodges for meals. This year, there were 37 youngsters and three adults and we wanted to give them something extra besides a good meal so our secretary went to the businessmen to ask them for small gifts. They were most generous, so the Phoebe Rebekah Lodge wants to add its thanks to the businessmen of Escanaba—Ruth M. Nygaard, Noble Grand.)

If the Mead Corp. can willfully allow themselves to pollute the water to such an extent what will they do to our air? No economic gain would be worth such an obnoxious stench. They admit that the operation cannot be made completely odor free. I'm sure the property owners and motel operators will appreciate the devaluation of their possessions and loss of business as a result of the stink.

If the Mead Corp. is truly concerned about preserving the great natural environment in this portion of the Upper Peninsula by avoiding pollution, then they might well start by cleaning up the putrid mess they have made of the Escanaba River below their Mill, before they start doing the same thing to our air!

Wayne A. Seibert  
Rte. 1,  
Escanaba  
(Editor's Note: The company has started operation of a new water treatment system which is designed to greatly reduce pollution of the Escanaba River.)

A fact leading me to the assumption that they may indeed prove to do just that is the present condition of the Escanaba River below their Mill. It is simply filthy. I have lived

## Constitution Week Renews Loyalties

Throughout the United States Constitution Week is being observed Sept. 17-23, a time for the renewal of American loyalties, the Daughters of the American Revolution reminds citizens. It is also an appropriate time for flying the national colors, says the local Lewis Cass Chapter of the D. A. R.

President Nixon in proclaiming Constitution Week urges the people of the United States to observe the week with appropriate ceremonies and activities in their schools and other suitable places.

The observance is "to the end that our citizens may have a better understanding of the Constitution and of the rights and privileges of United States Citizenship."

On this 172nd anniversary of the adoption of the Constitution, special attention should be given the document's sound

## Judge Retires

WASHINGTON (AP) — President Nixon accepted the retirement of Judge Clifford O'Sullivan of Port Huron, Mich., as a member of the U.S. 6th Circuit Court in Cincinnati, Ohio.

O'Sullivan, 71, had been a district court judge since 1960. His retirement is effective Sept. 27.

in the area and close to the river most of my life. Although there have been numerous times when the condition of the river was deplorable, it has never been so rotten for such a long period of time. What will it be like when they start dumping even more filth into it with their enlarged operation? Possibly in the near future the citizens of Escanaba will be receiving it in their water supply from Little Bay de Noc.

If the Mead Corp. can willfully allow themselves to pollute the water to such an extent what will they do to our air? No economic gain would be worth such an obnoxious stench. They admit that the operation cannot be made completely odor free. I'm sure the property owners and motel operators will appreciate the devaluation of their possessions and loss of business as a result of the stink.

If the Mead Corp. is truly concerned about preserving the great natural environment in this portion of the Upper Peninsula by avoiding pollution, then they might well start by cleaning up the putrid mess they have made of the Escanaba River below their Mill, before they start doing the same thing to our air!

Wayne A. Seibert

♣ 9 3 2 ♣ K Q 10 6

SOUTH  
♠ A K Q J  
♥ J 9  
♦ K 9 7 3  
♣ A J 7

The bidding:  
South West North East  
1 ♠ Pass 3 ♠ Pass  
6 ♠

Opening lead — king of hearts.

Let's say you're declarer at six spades and West leads the king of hearts. When dummy comes down, you are of course disappointed to find that partner jump-raised you with only 8 points.

However, it's too late to do anything about it now, so you concentrate firmly on the matter at hand, at the same time making a mental note to speak gently to North later on about his bidding.

The slam doesn't seem to have much chance, but you may be able to swing it by putting on a bold front. Accordingly, you win the heart with the ace and return a heart to your jack. West wins with the queen and goes along with your scheme by continuing with the ten of hearts.

You ruff with the jack, cash the ace of diamonds, the A-K-Q of spades and also the king of diamonds, discarding a club from dummy. Then you ruff the seven of diamonds and cash dummy's ten of spades, leaving this three-card position:

North  
♠ 9  
♥ 8 5  
♦ 8 3  
♣ 9 3

East  
♠ Q  
♥ K Q  
♦ K Q  
♣ A J

When you now lead the nine of spades, East is in dire straits. If he discards a diamond, you discard a club; if he discards a club, you discard a diamond. Either way, you make the slam.

In view of the excellent outcome, you may well decide to say nothing at all to North about his jump-raise with 8 points, but you should certainly utter a silent prayer of thanks to West, who could have defeated the slam by shifting to a club at trick three.

## People, Events Of Yesteryears

From the files of the Escanaba Daily Press

### 25 Years Ago

Mrs. Phil Miller of Powers and the twin sons born to Mrs. Miller yesterday afternoon are resting safely at St. Francis Hospital. Mrs. Miller was on her way to the Escanaba hospital with a neighbor driving the car when the well-known, long-legged bird, symbolic of new born babies, caught up with the conveyance. The first twin was born on Memory Lane. The second was born in the hospital.

Despite being outweighed, Escanaba recorded its 12th consecutive victory over Sault Ste. Marie Saturday 15-7.

### 50 Years Ago

A jury in Justice McEwen's court awarded Oliver Allard judgment for \$100 damages against Jules DeGrand as a result of an altercation in which the defendant is alleged to have bitten a finger of the plaintiff. The trouble grew out of the sale of an auto truck.

Theodore Balis, 29, a Russian picked up yesterday by the police, was ordered committed to Newberry State Hospital by physicians who examined him. He told a weird story of his experiences. He related how he had been shipped to the Upper Peninsula to work in the woods, but had drunk heavily and had gone into Negaunee. The chief of police there, he said, had bought him a ticket to Escanaba.

## Yorty Speaker

HILLSDALE (AP) — Mayor Sam Yorty of Los Angeles will speak at Hillsdale College Thursday on the subject of "The Partyman Vs. the Independent Thinker."

He will appear on the college's "Adventures In Ideas" series which has booked Negro legislator Julian Bond for Oct. 29, jet-set writer George Plimpton for Nov. 20, Stewart Udall, former secretary of Interior, for March 10, and Baroness Augusta von Trapp for April 9.

## Ann Landers

## Got The Note But Not The Message

Dear Ann Landers: While waiting for a bus on a morning in November, 1967 an attractive man asked me if I wanted a ride. I said yes, because it was raining very hard and I was late for work. He turned out to be a respectable family man and I was grateful for the lift.

Since that time he has picked me up on the same corner almost every morning. I figure he has saved me over \$150 in bus fare.

Yesterday I was just about to get in his car when he handed me a note, slammed the door shut and left me standing there, literally dumbfounded. The note read: "Dear Passenger: I have enjoyed your conversation for a long time. I am afraid, however,

that the animal in me is beginning to gnaw upon the man. Lest I find myself weakening in the manner of others who have hit the foolish forties, I respectfully suggest that you get back on the bus." It was signed, "Your friendly chauffeur."

I was flabbergasted and still am. Do you think he was trying to tell me something? If so what was his message? — Donabelle

Dear D: I don't think we need to page Marshall Luhan for this one. The message was — "You're beginning to look good to me, Kid, and I don't want to get involved, so please avail yourself of public transportation."

Dear Ann Landers: I married a man who comes from a closely knit family. By that I mean they tell each other everything. At first I thought the family closeness was beautiful, but now I see it is a neurotic dependence and largely infantile. My husband is the worst of the bunch.

Two weeks ago we were told the tragic news that my father-in-law has a terminal illness. My mother-in-law has already made it clear that she cannot live alone. Her oldest son's wife does not get along with her so she is safe. My other sister-in-law has a three-bedroom home and four children, so she is also safe. My husband and I have an extra bedroom.

Twice I have heard my husband say to his mother, "Don't worry, mamma, you won't have to live alone." If this means what I think it means it is the end of our marriage. I love my husband and we have two darling children but I could never tolerate his mother under this roof. Any suggestions? — Trouble Brewing

Dear T. B.: Your mother-in-law needs kindness and emotional support. It is your husband's responsibility to help her through this difficult period in her life. His principal responsibility, however, is to his wife and children. Remind him that it is unfair to make

promises that he will be unable to live up to later. And I urge you to be specific so there will be no misunderstanding.

Dear Ann Landers: If a man is divorced and remarried, is it in good taste for his ex-wife to come to his father's funeral, sit in the front row, cry louder than anybody, go to the cemetery, stand at the graveside with the family, then show up at her ex-sister-in-law's house and drink coffee and eat cake? Or should she go to the funeral parlor very early or very late to avoid the crowd and stay in the background, out of the limelight? — V. G.

Dear V. G.: It depends on whether or not she wants an audience.

Drinking may be "in" to the kids you run with — but it can put you "out" for keeps. You can cool it and stay popular. Read "Booze and You" — for Ten-Agers only. Send 35 cents in coin and a long, self-addressed, stamped envelope with your request.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

## Air Pollution Plans Studied By Five Cities

LANSING (AP) — Firms in five Michigan cities have been given a chance to work out engineering plans for clearing up their air pollution problems.

The State Air Pollution Control Commission, meeting Tuesday at Lansing, granted extra time to work out corrective measures to industries from Grand Rapids, Traverse City, Benton Harbor, Battle Creek and Kalamazoo.

The Grand Rapids Gypsum Co. submitted a progress report, saying it is considering four different engineering proposals for pollution control.

George I. Fischer, company president, said the firm is sure it can meet a commission deadline of July 1, 1971, for solving its air pollution problem.

The commission was told a petition containing more than 400 signatures and numerous letters have been received about air pollution and stench created by the Northern Reduction Co. of Traverse City, a rendering plant.

The county health department also complained about the situation.

Robert Tannahill, company president, told the commission the firm is working on installing an afterburner that will take care of much of the problem.

The firm was told to report back in 30 days with plans for total abatement of the nuisance. The Benton Harbor Malleable Co. was given a stay of one year before there will be any crackdown on complaints of air pollution. The firm said it is working on a program to correct its pollution problem by September, 1972.

A stay of one year also was granted to the Springfield Foundry of Battle Creek. Foundry officials said they are seeking bids on pollution correction equipment. The firm was told to make a progress report after six months.

A 90-day stay was granted the Brown Paper Co. of Kalamazoo to permit the board of directors to act on a proposed corrective program. The company said its plans call for complete cleanup of air pollution within a year.

## Garden Peninsula

Mr. and Mrs. John Kunkle, proprietors of the Bay House at Garden Corners, have returned home after a week trip where they visited their daughter, Mrs. A. Hobson and family in Kalamazoo. Their granddaughter, Christa, returned home with them after spending part of her vacation in Garden. They visited friends and relatives in Bloomingdale and Lawton. While there they also attended the 50th wedding anniversary party of Mr. and Mrs. H. Fox at Silver Saddle Lake at Grand Junction.

### Hospital

Gordon McPhee of Kates Bay is a patient in the Schoolcraft Memorial Hospital. His room is 25 B.

Mr. and Mrs. William Bodette and family of Mt. Clemens were recent visitors at the parents home, Mr. and Mrs. Bernard Bodette of Vans Harbor.

Neil Busch, son of Mr. and Mrs. Alex Busch of Manistique is visiting at his grandfathers home, Rufus Spaulding of Kates Bay.

Mrs. Frank Sefcik of Nahma is visiting her sister's home, Mrs. Ora Farley for a week. Visitors there this past weekend were, Mr. and Mrs. Ed. Barron of Escanaba, Isadore Clairmont, Milwaukee and Joe Clairmont of Escanaba.

Edwin Forhart, son of Mrs. Doris Forhart has returned home after spending two months in Soldotna, (near Anchorage) Alaska, where he was employed this summer.

### Circle Meeting

The St. Isidore Circle met at the Leonard Spaulding home Tuesday, Sept. 9. After the business meeting a social evening was enjoyed followed by lunch. Visitors were, Mrs. Mandy Farley, Mrs. Camille Spaulding, Mrs. Ida Paulson, Mrs. Mildred Haas, Mrs. Avis Anderson, Mrs. Molly Guertin, Mrs. Bea LaTulip, Mrs. Dorothy Robare. The next meeting will be held in October at the John Bartus home.

### Returns Home

Mrs. Katherine Deloria has returned home after a two weeks trip which included a 50 year Alumni Association of LeRoy High School reunion in LeRoy on Aug. 30 and visited with her brother and family, Mr. and Mrs. Rolin Garringer, Mrs. Furness in LeRoy, Mr. and Mrs. Deloria and family in Petoskey, Mr. and Mrs. Clarence (Hazel) Samuelson and attended a family reunion in Rockford, Ohio at the home of Mr. and Mrs. Haver.

Grady Steele of Clarkston is visiting at the home of Mrs. Louis Farley in Kates Bay. He brought Leo Farley home from a visit in Clarkston with relatives there.

## Bloodmobile Exceeds Quota At Powers

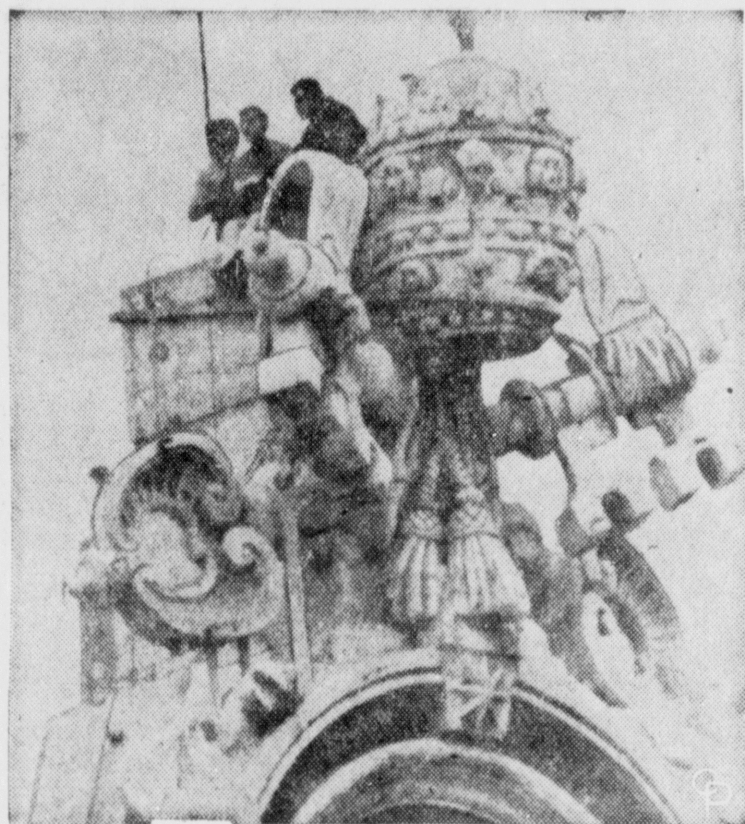

POWERS—The American Red Cross Bloodmobile collected 51 pints of blood on Tuesday, Sept. 9 on its visit to the Powers-Spaulding School. The quota was 50 pints for the area. There were three rejects. During the visit Jay Jennings reached the three gallon mark. Leo Labre and Stewart Perry reached the one gallon donation.

Volunteers assisting were: Dr. Ernest Pieper; nurses, Mrs. Wilfred Fleetwood, Mrs. Gerald Wellings, Mrs. Ray Casimir, Mrs. Jim Kell, Mrs. Ray Fazer, Mrs. William Anderson and Mrs. Donald McNeely. Other volunteers were Jeanette Poquette, Jeanette LeBoeuf, Dorothy Behrend, Kathy Dault, Bonnie Wiecech, Diane Smith, Robin Riedy and Ron Hanson.

Refreshments were served by Mrs. Henry Bal and Mrs. Sophie Ledger. Students assisting were Robert and James Fazer, Terry and Michael St. John, James Charles, Kirt Eckberg, James Gorzinski and John Anderson. Mrs. Raymond Fazer was chairman of arrangements.

## Dividend Due

ROCKFORD (AP) — Wolverine World Wide Inc., a shoe manufacturer, has declared a 12½-cent quarterly dividend payable Nov. 1 to stockholders of record Oct. 3.

JOB HUNTING — Three ex-convicts from Naples, Italy perch atop the massive, 18th century clock on the front of St. Peter's Basilica in Vatican City to "draw attention" to the fact that they cannot find work because of their criminal records. (Cablephoto)

## Governor Asks For Alcoholism Report

LANSING (AP) — Gov. William Milliken has asked the chairman of the Senate Commerce Committee for a report on the North American Association of Alcoholism programs now going on in Vancouver. B.C. Milliken called alcoholism "one of society's most menacing social problems" and said information being gathered by the committee "can be greatly useful to Michigan as it attempts to meet the problems caused by alcoholism." Sen. L. Harvey Lodge, R-Waterford, is chairman of the five-man committee attending the week-long session in Canada.

## Sen. Hart Asks DDT Hearing For Michigan

WASHINGTON (AP) — Concerned by the threat to Great Lakes fishing posed by increased use of DDT and other pesticides, Sen. Philip Hart has scheduled hearings to discuss the problem later this month in Michigan.

"The increasing concentration of hard pesticides, particularly DDT, in Lake Michigan, threatens to destroy what was once one of our nation's richest freshwater fisheries," Hart said.

The Michigan Democrat said today hearings will be Sept. 29 at the Lansing Civic Center and Sept. 30 at Walker Auditorium in Muskegon.

Last spring, Hart said, the

Food and Drug Administration banned interstate shipment or sale of Coho salmon, a species recently introduced to Lake Michigan, when it discovered the fish contained concentrations of DDT of up to 19 parts per million.

Hart said he now has reports that Lake Michigan chubs also may contain excessive concentrations of DDT.

"The chub is the sole remaining fish of significant commercial importance in Lake Michigan, and a prohibition on its interstate sale will wipe out what remains of a once flourishing commercial fishing industry," Hart said.

Hart said the hearings will reflect the urgency of taking steps to reduce the quantities of DDT and other hard pesticides which are entering Lake Michigan's drainage basin.

He is co-sponsoring an amendment to the Federal Water Pollution Control Act which would require the Secretary of the Interior to develop water quality criteria for pesticides.

## Notice to Michigan Bell Telephone Company Customers

Michigan Bell Telephone Company has applied to the Michigan Public Service Commission for authority to revise its tariff regulations with respect to customer-provided equipment interconnected with Telephone Company facilities. The proposed tariff does not list or describe specific equipment which may be connected to company lines but it does set forth certain definitive requirements.

With an anticipated increase in the amount of customer-provided equipment connected to Telephone Company facilities and in order not to burden the general rate payer, Michigan Bell proposes to apply a Maintenance of Service Charge. This charge, of \$15.00 per service call, would apply for visits by the Telephone Company to the customer's premises where a service difficulty or trouble report results from customer-provided equipment connected to Telephone Company facilities. The \$15.00 Maintenance of Service Charge would not provide for repair of customer-provided equipment or apparatus.

The Commission has scheduled a public hearing on this matter to be held October 13, 1969, at 9:30 a.m. E.S.T. in the Seven Story Office Building, 5th floor, 525 W. Ottawa, Lansing, Michigan. Anyone interested may attend the hearing.

Also, any interested person may contact the manager of the local business office for further information.

## BIDS WANTED

The Board of Education of the Escanaba Area Public Schools will accept sealed bids no later than 4:00 p. m. Friday, October 3, 1969 for two (2) automatic gas fired cast-iron boilers of 250,000 BTU input each. Specifications may be obtained from the Business Office, 1219 No. 19th St., Escanaba. The Board of Education reserves the right to reject any or all bids.

# On the move.

## The Chevrolet '70s.

Our new one: Monte Carlo

Our big one: Caprice

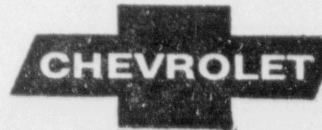

Our tough one: Chevelle SS 396

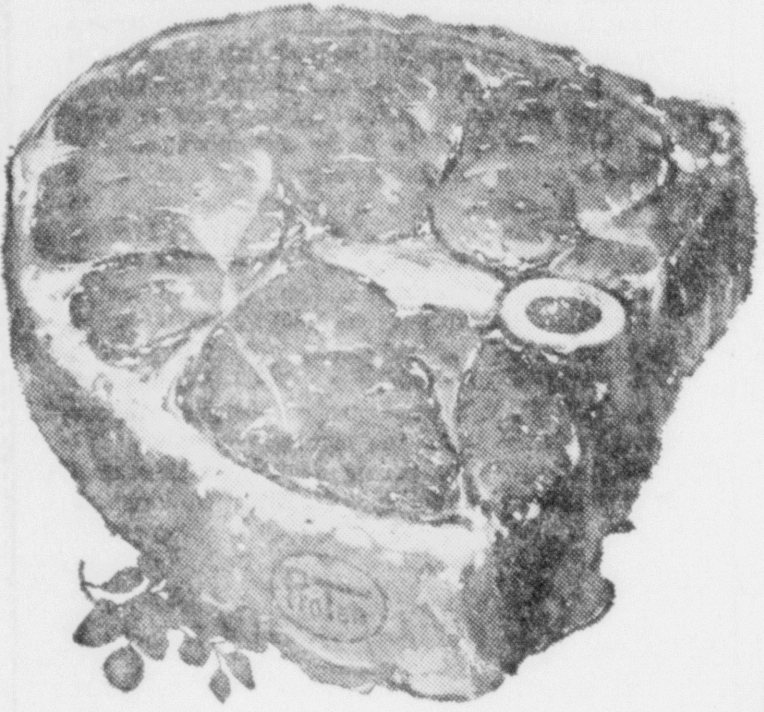

Monte Carlo. Our whole new field of one. The first truly luxurious personal car even us guys who work for a living can afford. Big 350-cubic-inch V8. Power disc brakes. Deep twist carpeting. All standard. Some car, the Monte Carlo. Some cars will be wishing we had never brought it out. Moving on. Caprice. The perfect car for "the big car man." For 1970 we gave it a new grille, new 250-hp standard V8, new

fiberglass-belted tires, new colors, new trim. New headaches for higher priced cars. Moving on. Chevelle SS 396. The Chevellest Chevelle yet. Now you can order a Cowl Induction Hood to help the horses breathe. All 350 of them. Move on. To your Chevrolet dealer's.

Putting you first, keeps us first.

## Strike Could Hinder MSU Fall Opening

LANSING (AP) — A five-day-old strike by maintenance workers at Michigan State University could hamper the opening of the fall term, a university source said today.

MSU officials were reported holding several sessions with negotiators for a campus local of the American Federation of State, County and Municipal Employees, AFL-CIO, in an effort to reach agreement on a contract. The previous pact expired last May.

Registration for most of the university's nearly 40,000 students is Sept. 25. Freshmen report to the campus this week-end for orientation sessions.

The union set up picket lines on Friday after some 600 of its 1,400 members voted to reject the university's offer: roughly a 65-cent hourly wage increase spread over three years.

Union spokesmen said members preferred a one-year pact. The State Labor Mediation Board assigned a mediator to the dispute.

Should the strike continue in-

to the fall term, operation of dormitories and dining halls would be most seriously affected of the various university facilities involved, the university reported.

The union represents truck drivers, janitors, waitresses, kitchen workers and skilled tradesmen in the university's engineering and agricultural research centers. A few also work in the intercollegiate athletics department. MSU's first football game is Saturday against the University of Washington.

Faculty and students now on campus have been handling some cleanup chores normally done by union personnel in the research centers, the university reported.

Five years ago, experts feared the El Molo tribe of Kenya would perish from malnutrition. The tribe had dwindled to about 150. The Kenya Government and private relief groups helped out and now the tribe numbers almost 300.

## Mary Beck Plans Mayor Write-In Vote Campaign

DETROIT (AP) — A write-in campaign is being organized for City Councilwoman Mary Beck, who finished third in last week's primary election for mayor of Detroit.

The Nov. 4 general election runoff ballots will carry the names of Wayne County Auditor Richard Austin and Sheriff Roman Gribbs, the two top vote-getters.

But supporters of Miss Beck said they hope she can win in November through a larger turnout of voters who will write in her name on the ballot.

In the primary, the vote was Austin, 124,941; Gribbs, 105,640; and Miss Beck, 71,065.

John Smith, city elections director, said that with a write-in candidate, the winner in November needs only a plurality of the votes rather than a majority.

Miss Beck said she is not encouraging the write-in campaign. But she added that she is not discouraging the effort, either.

"I really don't know what it's all about, or who's involved," she said.

## Statewide School Tests Slated For All Children

LANSING (AP) — This year, for the first time in history, Michigan school children will be given a statewide test to see what they are getting out of their studies.

All public school children in the fourth and seventh grades will be given a basic skills examination some time in January. It will take about two hours.

**Basic Skills Battery**

"It is actually a basic skills battery," said Ira Polley, state superintendent of public instruction. "It will measure the achievements of the students in reading, writing, mathematics and vocabulary."

The testing program was devised by the State Department of Education with assistance from the Educational Testing Service, Princeton, N.J. The tests will be given in the local schools.

The basic skills test, Polley said, is only the first step in a program to find out how well Michigan's public education program is doing.

**Long Range Program**

The department also is conducting a long range program of gathering data and an analysis of the broad goals and purposes of the schools.

"We want to be able to provide Michigan parents, educators and taxpayers with meaningful information on what the children of the state are achieving in public schools," Polley said.

Geographic areas, the background of the pupils and the financial resources of the school districts will be included with any reporting of results, he said.

Polley said, however, there will be no individual comparison or ranking of the school districts that could result in a public misinterpretation of the results.

**Accredit Change Asked**

Michael Deeb, a member of the State Board of Education, called, meanwhile, for the state to take over the job of accrediting Michigan schools.

This is done at present by the University of Michigan and the

North Central Association.

Deeb called the present system "worse than a sham" because standards set do not allow experimentation and change.

The schools should be rated on what kind of community and type of pupil they serve, Deeb said. If the local school system is found to be lacking, he said, it should be helped.

**Many Drop Out**

Deeb said an illustration of the present system is that in six Detroit high schools at present accredited by both agencies, more students drop out of school each year than graduate.

At another Detroit high school, Deeb said, 62 per cent of one graduating class did not even apply for college acceptance. But only five per cent of the curriculum was directed toward industrial arts.

None of these schools, Deeb said, have been asked to improve their programs or lose their accreditation.

## Ionia GI Hurt, Wife Allowed To Fly To Germany

IONIA (AP) — The wife of an Ionia serviceman has been flown to Germany where he is hospitalized in critical condition after an automobile crash at Gaeta, Italy, Sept. 7, the Navy says.

Lt. Cmdr. Richard Cushing of the Grand Rapids Naval Station said Mrs. Larry Lee Jerrils of Ionia was flown to her husband's bedside in Weisbaden, Germany, at the request of hospital officials.

Jerrils, a gunnery second class, was a passenger in an auto which crashed into a wall in the Italian village. Cushing said hospital officials asked that relatives be brought to the hospital because of the seriousness of Jerrils' injuries.

Cadillac presents the Spirit of the Seventies!

### The elegantly spirited 1970 Cadillac

The brilliant new 1970 Cadillac is styled to reflect the quality of life in the spirited seventies. Its striking new beauty suggests the tempo of people on the move. Richly tailored appointments welcome you to a new era of Cadillac taste and elegance. Sparkling performance invites you to experience an entirely new dimension of motoring pleasure. In all eleven

Cadillac models, you'll discover new ideas attuned to the spirited seventies. You may choose a new radio that will seek out your favorite AM, FM or stereo-only station. The aerial is neatly concealed in the windshield. This year, Cadillac engineers have again made sure that the Cadillac ride continues to be the most enjoyable in motoring history.

### The newly spirited 8.2 litre Eldorado

The Spirit of the Seventies is nowhere more evident than in the handsome 1970 Eldorado. Behind its smartly recessed grille is a new 8.2 litre V-8 engine (500 cubic inches), the largest V-8 ever offered in a production passenger car. Created exclusively for the front-wheel-drive Eldorado, this new power plant harbors an ample reserve to operate the power

assists one usually associates with a luxury car, while yielding a new kind of performance that will set the pace for personal cars for years to come. The instant you feel the new 8.2 litre V-8 in action, you'll know that the Fleetwood Eldorado is the world's finest personal car. The moment you drive it, you'll know that Cadillac has left the sixties far behind!

See the spirited new 1970 Cadillacs at your authorized dealer—they herald a decade of motoring excitement

## 4 Schools Remain Closed By Strikes

By The Associated Press  
Some 11,000 students remained on an extended summer vacation today as striking teachers stayed away from classrooms in four Michigan school districts.

No progress has been reported this week in negotiations at Hamtramck, Plymouth, Coleman and Summerfield, and court action is pending in two of two districts.

Talks continued in Hamtramck, although the school board has asked Wayne Circuit Judge Edward Piggins to order the teachers to return to classes.

At Coleman, in Midland County, the school board is expected to go to court to ask for an injunction requiring teachers to end their walkout.

In nearly 100 other districts, teachers are working without contracts.

More people get more news from newspapers than all other sources combined.

## Contract To Ford Curtis

WASHINGTON (AP) — The Army has awarded a \$17.3 million contract to Ford Motor Co. for continued production of quarter-ton utility trucks.

Under previous Army contracts for the quarter-ton vehicles, Ford has supplied \$43 million worth.

Mrs. Claude Conway and her sisters gave a housewarming party for Mrs. Floyd Brown Saturday.

Patricia Lavery and Sue Edwards of Portland, Ore. are visiting at the home of the former's grandparents, Mr. and Mrs. Jake Lavery.

Mr. and Mrs. Glen Wonsetter of Midland are spending a few days at their home here.

Fletcher Moore and party of Flint, spent several days here.

Mr. and Mrs. Delmer Humphrey, Jr., of Grand Ledge, Mr. and Mrs. John Sheppard and sons of Manistique and Mr. and Mrs. Otto Zenker and son Ivan of Newberry spent a few days here visiting at the home of Mr. and Mrs. Delmer Humphrey Sr.

Mrs. Anne Crisler returned to her home from the Helen Newberry Joy Hospital at Newberry.

Mr. and Mrs. John Molner, Jr. of Temperance spent a few days here.

Mr. and Mrs. Harry Gant of St. Louis, Mich. visited here recently.

Glenn Clark died early Saturday morning at his home. He is survived by his widow, Virginia, one son Mervin Clark and three grandsons of Curtis; and two brothers. He had lived in Curtis the past 17 years and operated the Wigwam Grocery Store.

## Stalin's Daughter Says Dad Was 'Ruthless'

NEW YORK (AP) — Svetlana Alliluyeva says her father Joseph Stalin "knew exactly what he was doing" when he carried out the bloody purges which shook the Soviet Union before World War II.

"My father was not mad, at least not in the 1930s," Mrs. Alliluyeva said in an interview Monday. "He was just ruthless."

**Opposition Destroyed**  
"He knew that the party was filled with opposition to him, that people would move against him if they could. He simply destroyed all of the opposition with complete ruthlessness."

She said the purges Stalin ordered after World War II "had a different quality."

"Certainly in his last years he was a sick man," she said. "Was he mad? I don't know."

How does she view Soviet leaders other than Stalin?

She said former Premier Nikita Khrushchev "was a good man. Very ignorant. He tried so hard but in the end they pushed him out."

**Face Tells All**  
Commenting on Premier Alexei N. Kosygin, she said, "When you see that face you know he just can't succeed." She described Leonid I. Brezhnev, general secretary of the Communist party, as "just a rude party bureaucrat. A nothing."

Mrs. Alliluyeva, 43, also held a news conference here Monday producing her second book "Only One Year."

She told reporters she now is at home in America and would

like to be a student again "but not a teacher." She would like to become an American citizen but "it would do no good to apply now," she said.

"I once was a member of the Communist party and that would be against me," she explained. "Perhaps some day when everyone understands that I am not a Communist it will be possible."

### No Plans To Defect

"Only One Year" starts on Dec. 19, 1966 when Mrs. Alliluyeva left Moscow to take the ashes of her husband Brajesh Singh to India, having no plan to defect at that time. It describes her decision a few months later to stay in the non-Communist world and the aid she received from the U.S. Embassy in India. It ends one year later in Princeton, N.J., where she now lives.

Her first book, published after her defection, was "Twenty Letters to a Friend."

## March Planned

HAMTRAMCK — (AP) — March of from 500 to 1,000 persons has been planned for Hamtramck Saturday to protest the fatal shooting of a Negro magazine salesman by a white restaurant operator. The demonstration is being staged by the National Association for the Advancement of Colored People. Johnnie McGuire, the restaurant operator, has been charged with second-degree murder in the death Aug. 24 of Herman Hastings, 21, of Anawalt, W.Va., following an argument.

## School Bonds For Marquette Get Approval

LANSING (AP) — The State Municipal Finance Commission has authorized issuance of \$18 million in school bonds by the Detroit School District for construction of new buildings and remodeling of others.

The money also would be used to furnish the new facilities.

In other action, the commission approved school bonds issues of: \$7.66 million by the Marquette County, for building additional classrooms for the senior high school and constructing a new junior high school; \$3 million by the Southfield Public Schools, Oakland County, to build and furnish a new junior high school; and \$835,000 by South Lyon Community Schools, Oakland, Washtenaw and Livingston Counties, to build an addition to an elementary school.

The City of Troy in Oakland County was authorized to issue \$700,000 in revenue bonds and North Branch, Lapeer County, won approval of a \$16,000 revenue bond issue, both for improvements in their water systems.

Special assessment bond issues were authorized for: Beverly Hills, Oakland County, \$35,000 for street improvements; West Bloomfield Township, Oakland County, \$180,000 for sewer improvements; and Bridgeport Township, Saginaw County, \$59,000 for street improvements and storm sewers.

Bay County was authorized to issue \$2.35 million in water bonds; Genesee County, \$370,000 in water bonds; and the Tebo-Boldt relief and branches drain drainage district and Forsythe relief branch No. 1 drain drainage district, both Macomb

County, a total of \$3.05 million for construction.

Tax anticipation note issues were approved for: Glen Lake Community Schools, Leelanau and Benzie Counties, \$150,000; Troy School District, Oakland County, \$350,000; and Northville Public Schools, Wayne Oakland and Washtenaw Counties, \$510,000.

## Country Music Is Cited By Milliken

LANSING (AP) — Gov. William Milliken has proclaimed October as Country Music Month in Michigan, noting that country music "reflects our nation's history, folkways and musical traditions." Milliken also designated Oct. 12 as Christopher Columbus Day.

Bonneville

(We take the fun of driving seriously.)

## This is the way it's going to be. Pontiac's 70's

Surprised that Pontiac's setting the style for the umpteenth straight year? Of course not.

But you may be a bit dazzled to find out that Pontiac finally outdid Pontiac.

Take Bonneville. From the strong, new bumper grille to the standard 455 under the hood, it's a rouser.

Inside: instant limousine. So luxurious some of the traditional big boys are already screaming.

One of the nicest things we could have done for Grand Prix's luxury was to leave it alone. We did. But we popped in a 455 V-8 for you to order. (It's an old Pontiac proverb that luxury

should have power.)

Enter LeMans Sport. A brand-new series in the Pontiac stable. Wait'll competition sees it pull the new 400-cubes-under-the-hood trick. We'll show you that one if you check the right box on the order form.

By now, you've spotted our '70 GTO. But maybe you haven't heard it. A sound so tough we've thrown modesty to the wind and dubbed GTO "The Humbler."

This is Pontiac '70. And we figure this is the way driving's going to be. So why wait?

It's at your Pontiac dealer's now.

# Salmon Arrive, Run Anticipated By DNR

**BY BOB GREGG**  
The coho are here—at least some of them.  
That's the long awaited statement anglers have been waiting for and today the Department of Natural Resources (DNR) released positive information that shows salmon are moving into the area of the Whitefish River.  
"We've caught two adult males in the Haymeadow Creek below the weir Tuesday after one of our officers reported that he saw two large fish in shallow water near the camp-

ground," said district fish biologist Cliff Long.  
Capturing these two adults far upstream almost assuredly means that there are more fish in the river and at its mouth, Long indicated. It takes several days, often weeks, before coho reach their spawning grounds on their upstream run.  
**Salmon in Net**  
"Now would be a good time to fish Little Bay de Noc and especially the mouth of the Whitefish River," Long said. "If we can get fishermen out there, we should find out where the large schools of salmon are."

Last week a commercial fisherman, working in cooperation with the DNR, took 27 coho salmon in seine nets placed just off the Stonington Peninsula Point. Included in the catch were three adult salmon weighing up to 12½ pounds.  
"These fish are probably Whitefish River salmon that are getting ready to congregate before their spawning run," said Dave Johnson, DNR biologist.

**Temperatures Tested**  
Recently, the DNR has done extensive temperature studies as to ideal water temperatures for salmon in Little Bay de Noc.

Their figures show the most ideal fishing areas for coho to be between the lighthouse and the Stonington Peninsula. Off the mouths of Squaw and Schaaw Creeks near the drop-off should also be hotspots if the big schools of salmon really have arrived.

"Anglers should keep their lures or bait at depths between 25-50 feet. That's where the salmon should be feeding," Long said.

**Prime Condition**  
A check of several area tackle shops and boating resorts this morning failed to

find a successful coho angler.  
Long said the coho taken at the Haymeadow weir were in prime condition and he thinks things are really looking up for the coho fishermen.

In Little Bay de Noc anglers should do well on a variety of good coho lures such as the Flatfish, Cleo, Tadpole and Mepps Spinners. In the Whitefish itself, fishermen using bait, such as nightcrawlers and spawn, and working it through deep holes should be able to latch into some nice fish.

Anglers may catch coho in the Whitefish River, up to the first bridge above U. S. 2, until Dec. 30. The Haymeadow Creek is closed to fishing within 100 feet either side of the salmon weir. Fishermen are reminded that a trout stamp is required to fish for coho in streams and lakes.

## Tour To Bring Businessmen Into Peninsula

MARQUETTE — Efforts are being made to bring to Marquette Friday, Oct. 10, one of the largest representations of business and industrial interests ever to gather at one time for a business development session.

The occasion will be the high-light session of Invest-Tour, a project to bring investment-oriented people from five states to the Upper Peninsula to see and hear about the potentials for development.

The visitors, divided into four groups, will be flown to three sectors within the Peninsula plus a fourth group that will make a motor tour of the iron range country. All will converge back to Marquette Friday evening.

At this time, sponsors of the project, Operation Action and the Upper Michigan Tourist Association, hope the visitors will be able to meet a variety of resource people and to be greeted by a representative showing of interested Upper Peninsula leaders.

Invitations have gone to a wide range of persons in business, industry, community and civic activities.

"This could be," said Robert Sayles, president of the Upper Michigan Tourist Association, "one of the most important events to be held in the Upper Peninsula. While we do not know now how many will be attending, it is the first effort to bring the investor to the Peninsula to see the recreational potential. There has been an earnest effort to put the project across and we have reason to believe our first venture will be a success."

## Municipal Electric Conference Opens

Delegates of the Michigan Municipal Electric Association assembled in Escanaba today for a fall meeting dedicated largely to discussions and conferences on solution of problems related to public power generation and distribution.

Registration at the House of Ludington was followed by a panel discussion this afternoon in which representatives from five municipalities participated. They are Jack Dernberger of Wyandotte, chairman; Robert Riemersma, Holland; William White, Marshall; Bernard Wilson of Bay City and Rex Jerim of Lansing. The topic was on construction charging practices for underground electric installations.

Parry Baer of Crosswell is

president of the Association and Don Potter of Lansing is executive secretary.

Wives of the delegates will be entertained this afternoon at a special exhibit of art and antiques at the Carnegie Public Library; and on Thursday afternoon with a showing of the Delta County Historical Society's program "The Elliott Papers."

William Van Effen, superintendent of the Escanaba Municipal Electric department, will conduct the men on a tour of the city's electric generation station and the Chicago & North Western Railway's new ore handling facility.

Jean Worth, former editor of the Daily Press, will address the banquet program Thursday night.

## State \$1 Richer Because Of Worms

HARRISBURG, Pa. (AP) — The worms were plentiful, the fishing was great and the state Highways Department has \$1 it plans to place in its conscience fund.

The \$1 check, a spokesman said today, came from Mary Joan Maurer of Finleyville, who sent along a note explaining how she, her husband and four children got a sudden urge to go fishing at 1:30 a.m. one day last summer.

They had their fishing gear but no bait, Mrs. Maurer wrote, and the only place they could find to dig for night crawlers was the lawn of the department maintenance building at Tionesta in Forest County.

They fished in the Allegheny River "and believe me, we had a wonderful time," she said, adding that the check was to pay for the worms.

## Fishing Activity Eases In District

Fishing pressure in the Escanaba district eased this week with the bear season opening Sept. 10 and the ruffed grouse, squirrel and woodcock season opening Monday, the Department of Natural Resources reported today.

Pressure has been fairly heavy on bear hunting, but it is believed the success is down considerably from last year, officials said. Hunting pressure for ruffed grouse was light throughout the district with temperatures in the 80s.

Vegetation is heavy, which makes hunting difficult without a dog. The kill was reported light for opening day with little interest shown by hunters. There were no concentrations of hunters anywhere in the district.

**Roads Good**  
Road conditions are good, officials said, with many roads that normally are not driveable dry enough to be used.

Deer hunters were reminded that they can now apply for antlerless deer shooting permits. Applications are available at the time of purchase of a deer license. The DNR will issue nearly 200,000 of the special permits for the late November big game season. Completed applications must be returned to the department by Sept. 30.

The Escanaba River is still producing good catches of trout on flies fished in the larger holes. The Sturgeon River also is producing fair catches of trout out of the deeper holes. Some pressure is reported in Little Bay de Noc for brown trout and a six pounder was taken this past week in the bay off the Rapid River on a blue and white spoon.

Bass fishing is good in Ogontz Bay off the Big River or in Big Bay de Noc off the Fishdam River. Some bass are being taken in Little Bay de Noc and on Gooseneck Lake by casting in the evening or early morning. Northern Pike fishing has been fair in Little Bay

de Noc, but has slowed up considerably, officers reported.

**Trout Trolling Good**  
In Alger County, lake trout trolling continues good out of Shelter Bay and Munising when weather permits going out. Baldy Lake has produced some good catches of bass. Chain of Lakes is yielding good catches of pike on live bait. Wedge Lake has been best for bluegills.

Lake trout trolling has been good out of Marquette in Lake Superior. Most streams in the area are producing good catches of brook trout. The Dear River unstreams from the Forestville basin is producing some good catches of browns. A few coho salmon are being picked up off the mouth of the Choccolay River. Some nice walleyes are being taken out of the Michigamme River near Republic.

## GOP Leader Due For FCC Position

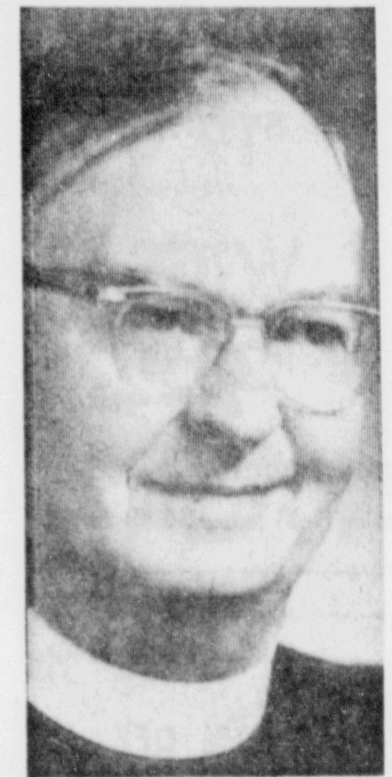

WASHINGTON (AP) — Dean Burch, the Tucson, Ariz., lawyer who was Barry Goldwater's hand-picked chairman of the Republican National Committee in 1964, will be nominated as chairman of the Federal Communications Commission, President Nixon announced.

Nixon's announcement Tuesday of his intention to nominate the 41-year-old Burch to the \$40,000-a-year FCC post followed several weeks of speculation that the former presidential campaign manager for Arizona Sen. Barry Goldwater was to get the job.

The President also said he would nominate Robert Wells of Garden City, Kan., as a \$38,000-a-year member of the commission. Wells is manager of the Harris Radio Group, which has stations in Kansas, Iowa, Illinois and Colorado.

Burch, the Senate concurring, will succeed Chairman Rosel H. Hyde, whose term has expired. Wells will succeed Commissioner James J. Wadsworth, who has resigned.

## 50 Years For Fr. E. Malloy

Rev. Edward A. Malloy

The Rev. Edward A. Malloy will celebrate his golden jubilee in the priesthood Tuesday, Sept. 30 at St. Anne's Church in Escanaba.

Chief concelebrant of the 4:30 p. m. Mass will be Bishop Charles Salata, who will be joined at the altar by the jubilarian, plus Bishop Cyril Vogel of Salina, Kansas, and two classmates from seminary days — Rev. Henry Thieffels of Detroit and Rev. Charles Knapp of Millvale, Pa.

The sermon will be given by Rev. F. N. (Pat) Reynolds of Youngstown, Ohio.

Also in the sanctuary will be Bishop William Connare of Greensburg, Pa. and Bishop Thomas Noa, retired Bishop of Marquette.

A reception will be held in the parish hall at 7:30 p. m.

Fr. Malloy, now 75, was born in Canton, Ohio, and is one of ten children of Thomas and Alice Malloy. His brother Maurice is a trappist monk who has also celebrated his golden jubilee as a priest.

He holds a B. A. Degree from Duquesne University in Pittsburgh, Pa., and was ordained Oct. 24, 1919.

He was assigned briefly to St. Joachim's Church in Detroit, and in his earlier years spent six years teaching at Duquesne University. He has served as assistant pastor at churches in Chippewa Falls, Wis., Iron Mountain, Negaunee, Escanaba, Rockland, Rudyard and moved to Perkins in June of 1954 where he served as pastor until his retirement July 11, 1968.

## Briefly Told

State Police issued tickets for speeding violation Tuesday to James Vabnergalin, Grand Rapids; James Treiber, Norway; Douglas Lacoursier, Hermansville; Wayne Barrett, Gwinn; and Matthew Routsala, Rock.

Escanaba police have issued traffic court notices to Gerald Goodchild, 1600 N. 18th St., speeding; and to the conductor of a Chicago & North Western Railway train which blocked the Lincoln Road intersection for an extended period.

## Court To Rule On Miniskirted Woman Attorney

ROCHESTER, N.Y. (AP) — A ban on miniskirted attorneys in Syracuse City Court by Judge Parker J. Stone is being weighed by the Appellate Division of the State Supreme Court which reserved decision Tuesday.

Carolyn R. Peck, a 27-year-old lawyer, had appealed Stone's Oct. 3 order to her that she not appear in his court until her dress was "suitable, conventional, and appropriate" for an officer of the court.

Miss Peck said her hemline was a respectable five inches above her knees at the time and that she had worn miniskirts in other courts, including the Appellate Division.

Supreme Court Justice John H. Farnham, who earlier had refused to hear arguments on Stone's ruling, said a judge has the right "to regulate within reasonable limits the conduct, dress and appearance of attorneys in his court." But Miss Peck carried her fight to the Supreme Court's Appellate Division.

## Chicago Prices

**POTATOES**  
CHICAGO (AP) — (USDA)—Tuesday potatoes arrivals 50, on track 120; total U.S. shipments 207; supplies moderate; demand slow; market dull; carlot track sales, Minnesota round reds 3.10.

## PTA Meeting Rated Success

The first meeting of the combined North Elementary and James T. Jones P-TA units was held at the James T. Jones Cafeteria Monday evening and was well attended.

The invocation was offered by the Rev. Gaylord Wright and Supt. Wesley Fleet introduced the faculty. The program was presented by the administration staff, who were introduced by Fleet. They are William Wood, secondary principal, Gerald Danhoff, elementary principal, Don Pfofenhauer, guidance director, and Robert Richards, community school director, who spoke on changes made in their departments and programs offered.

Mrs. Jerold Becvar, Mrs. Leroy Maki, Mrs. Charles Alanko and Mrs. John Peterson will be in charge of the membership drive which will be held in October.

Mrs. Adolph Girard and Mrs. Robert Rivard will be in charge of the Savings Stamp Program. Room count was won by Miss Melva Goodman's fourth grade and Mrs. Helen Vandonsel's morning kindergarten.

Refreshments were served by the P-TA officers.

## 60th Wedding Anniversary

Mr. and Mrs. John Tackman, of Kipling observed their 60th wedding anniversary on Sept. 11. A family dinner was held Sunday in honor of the occasion with their four children and their families present. Their children are Ray Tackman and Mrs. Herbert Cornell, Kipling, Mrs. Charles Wnuck, Gladstone and Mrs. William Stromberg, Jr., Wilmette, Ill. There are 10 grandchildren in the family and seven great grandchildren. Several friends and neighbors visited at the Tackman home Sunday afternoon to congratulate Mr. and Mrs. Tackman.

MRS. HAROLD (Dorine) Anderson, librarian at the Gladstone School and Public Library, is listed in the 6th edition of "Who's Who in America," for the 1970-71 year. (Daily Press photo.)

## President Asked To Reject Cuts In Detroit IRS Plans

WASHINGTON (AP)—President Nixon has been urged by Sen. Philip A. Hart, D-Mich., to exempt the Detroit Internal Revenue Service Center from the announced 75 per cent cutback in federal construction projects.

The General Services Administration seeks authority to contract with a private developer for construction of a new building to be leased back to the government.

Hart said he was concerned that lease-back as well as federally-constructed projects will be affected by the cut.

"Perhaps the best way to ensure a prompt start on the IRA Center in Detroit is for the administration to state now that because of the urgent need for a new facility the project will not be affected by the cutback," he suggested.

Hart told Nixon in a letter that prompt action was needed because working conditions in the present facility have been unsatisfactory for several years.

## Church Events

**Meeting Thursday**  
The Ladies Aid of St. Paul's Lutheran Church will hold a regular meeting in the church parlors Thursday at 1:30 p. m. Mrs. Herbert Cornell will be the hostess.

**Grace Baptist Church**  
Grace Baptist Church Women's Missionary Society will meet at the church Wednesday at 7:30 p. m. Mrs. Gaylord Wright will be the speaker and a musical program will be presented by a group from the Young Peoples organization. Mrs. Wallace Lundquist will be the hostess and all members and friends are invited to attend.

**Trinity Episcopal Church**  
Women of Trinity Episcopal Church will meet with Mrs. R. W. Watson at her home at Maywood Shores. Atty. Nino Green will speak on the volunteer probation program.

## School Bond Bids Will Be Let Tonight

Bids will be let on the sale of school bonds for the proposed \$1,200,000 Bay de Noc School during a special meeting of the Big Bay School Board tonight at the Garden School.

A representative of the firm of Bartch Stander Associates, Municipal Bond Consultants, Lansing, will be present. The bid letting is scheduled for 7:30 p.m.

The new school will be constructed on the Garden Road, about one mile south of Garden Corners. The district serves Cooks, Nahma, Garden and Fayette.

## Firm Elevates T.G. Springer

NEW YORK — Theodore G. Springer, account group head, has been elected a vice president of Batten, Barton, Durstine & Osborn, Inc., according to an announcement by Tom Dillion, agency president.

Springer is the son of George T. Springer, a native and long-time resident of Gladstone.

Springer is with the Minneapolis office of BBDO. He joined the agency in 1962 as an account executive and was appointed an account group head in 1967. Before joining BBDO he was with Knox Reeves Advertising Inc. of Minneapolis as marketing division manager and an account executive. He is a graduate of the University of Minnesota and lives with his wife and family in Minneapolis.

## Sportsmen's Group To Hear Sen. Mack

State Sen. Joseph S. Mack (D-Ironwood) will be the keynote speaker at the Sunday dinner of the Northern Michigan Sportsmen's Association during their 48th annual convention in Manistique this weekend.

Mrs. Clifford Christensen, teacher at the Fairview School, will be presented the William Asselin Award as Outstanding Teacher of Conservation. Paul Challancin, Education Supervisor of the Department of Natural Resources, will present the Manistique Area Schools an award for outstanding achievement.

## Briefly Told

Central, Doyle, Hiawatha and Fairview hot lunch menu for Thursday will include meat balls in cream sauce, buttered beets, fruit and beverage. Bread, butter, peanut butter, cheese slices and milk are served with all meals.

John Whitcomb, 730 Arbutus Ave., was ticketed by State Police for expired operator's license and Johanna Schlichting, Fond du Lac, Wis., for speeding on Monday.

Charles W. Hime, Star Route, was remanded to the County Jail in lieu of \$100 bond when he appeared in District Court Monday morning at a bond hearing on a driving while under the influence of intoxicants charge. Hime was jailed by State Police Saturday night after his vehicle sideswiped a car driven by Arthur Gould of Green Bay on County Road 442 in Inwood Township. He was then charged with being a drunk and disorderly person. On Monday, Gould signed a warrant charging Hime with driving while under the influence of intoxicants. He will stand for an arraignment before Judge Charles Stark in District Court this week.

# MANISTIQUE

## Manistique Elks Host State Group Round-Up

About 300 persons are expected to attend the District Fall Round-up of the Michigan Elks Association in Manistique this weekend. Host will be the local Lodge 632 with activities centering around the recently-renovated Temple which sports a freshly painted exterior and interior. All work was performed by local Elks.

Leading the host of state and district officers will be James L. Dompierre, President of the Michigan Elks Association, Ann Arbor; Howard Emerson, Vice President of the Michigan Elks Association, Jackson; and Russell A. Chrest, North East District Vice President, Marquette.

The convention will begin with registration at 1 p.m. Friday at the club. A fellowship gathering will be held at 7 p.m. followed by a judges clinic at 7:30. State President Dompierre will offer an Eleven O'clock Toast followed by an 11:30 smorgasbord. Music will be provided throughout the evening.

Saturday activities will get underway with a drill team clinic at 8:30 a.m.; registration at 9 a.m. and a business session at 10 a.m. A ladies luncheon will begin at 12:30 at the Surf with a wig fashion show planned, courtesy of Beauty by Lucille. The men will have a one o'clock luncheon at the Eat Shop Hall. A vice-presidents' and district deputies' clinic will be held at

James Dompierre

2 p.m. and a ritual clinic at 3. A five o'clock social hour will be held at the club followed by a 7 p.m. banquet in the St. Francis Parish Center.

## Church Events

**First Baptist Church**  
Mrs. Norman Andrews presented a skit, "Circle of Concern", for members of the Women's Missionary Society when they met Monday night in the church. Prayer was led by Mrs. William Phillion and Mrs. Alva Young was devotional leader and accepted the Love Gift Offerings.

Hostesses were Mrs. Andrews, Mrs. Robert Schubring and Mrs. Allen Baker.

Fred H. Hahne of Manistique, Past District Deputy, will be toastmaster for the banquet; Bill Graff, chaplain of the local lodge, will offer the invocation; and Exalted Ruler Robert L. Carlson will extend the welcome. Both Dompierre and Emerson will address the convention. Carlson will also offer an Eleven O'clock Toast that evening. Music will be provided throughout the evening by the Gorsche Orchestra.

Downstate officers who will attend include Past Presidents Albert Ott, Traverse City; Nelson H. VanDogen, Grand Rapids; Robert J. Lacey, Niles; James Stotenbur, Executive Secretary, Elk's Major Projects, Owosso; Wayne Newton, Chairman, President's Achievement Program, Hastings.

District officers expected include Alfred Wright, trustee, Ironwood; Calvin Bjorne, trustee, Ishpeming; John Long, Northwest District Vice President, Calumet; Russell Chrest, Northeast District Vice President, Marquette; Earl Seal, District Deputy NW, Calumet; Clarence Bush, District Deputy NE, Sault Ste. Marie; Robert A. Burns, Past President, Bessemer; and Carl H. Fernstrum, Past President, Menominee.

Ted Hentschell is general convention chairman assisted by Ed Doyle, reservations; Tom Hoholik, registration; Bill Charrier, entertainment; Harold (Buz) Rodgers, bartenders; Phil Ott, finance; Robert L. Carlson, ritual; and William Wedegartner, program book. The Lady Elks, under Mrs. John T. Strable, are in charge of the smorgasbord.

AN OCT. 11 wedding is being planned by Mary Lee Amore and Sam Musselman. The couple's engagement is being announced by her parents, Mr. and Mrs. Dennis Amore. The bride-elect is a graduate of Manistique High School and employed by the Washenaw Intermediate School District in Ann Arbor. Her fiancé, also a graduate of Manistique High School, is employed by the Ford Motor Company in Rawsonville.

## Hospital

Admitted to Schoolcraft Memorial Hospital Monday were Celia Carroll, Ruth Wachter, Eva Callahan, Sally Lauzon and Alveda Terrian.

Discharged were JoAnn Thlander, Edith Morris, Brady Bailey and Ellen Bergess.

## Obituary

**MARY A. CASE**  
Complete funeral services for Mary A. Case were held at the Skradski Funeral Home at 3 p.m. Tuesday with Rev. Reuben L. Carlson officiating. Burial was in Gardens of Rest Cemetery.

# Sportswriters Rank Eskymos First Again

For the second week in a row, the U. P. Sportswriters Association has ranked the undefeated Escanaba Eskymos in first place among high school football teams in the U. P. with nine first-place votes and 96 total votes.

The Eskymos, 14-6 victors over Sault Ste. Marie Friday night, have now won three straight this season and have a string of 23 games without a loss.

# McNally's Single Enables Orioles To Edge Senators

**By The Associated Press**  
You'll have to give Dave McNally credit for one thing—he'll do anything to shake off a losing streak... even get a hit.  
McNally, who had produced only six hits all season and an anemic .071 average going into the game, singled home the only run as Baltimore nipped the Washington Senators 1-0 Tuesday night.  
It gave the left-hander his second straight victory—the first time since his 17-game two-season victory string was snapped Aug. 3 that he's managed to string together that many triumphs.  
Meanwhile, Harmon Killebrew took another big step toward winning the American League home title away from Frank Howard and Reggie Jackson by walloping his 44th of the season—a three-run shot—in leading Minnesota past Oakland 11-3.  
That increased the Twins' lead over the A's to 10 games in the AL West and cut Minnesota's magic number for clinching the crown to just six.  
In other games, Cleveland whipped Boston 5-2, Kansas City nipped Seattle 2-1, the New York Yankees topped Detroit 7-6

The other first place vote in the poll went to the St. Ignace Saints, who were triumphant over Boyne City by a score of 14-8 in their season opener Friday night. The Saints were ranked in ninth place in the poll with a total of 18 votes.

This week's poll also found the Marquette Redmen slipping into second place, replacing the Holy Name Crusaders, who dropped all the way into a tie for sixth place with the Negaunee Miners after suffering a 6-0 defeat at Menominee Friday.

The Redmen defeated the Miners 14-6 Friday night to keep their perfect record intact. Friday night's game was also the first time that Marquette has been scored upon this season.

Calumet, ranked sixth in last week's poll, moved into the number three spot while Menominee jumped from seventh to fourth. Ironwood maintained its number five ranking while Hancock, unrated in last week's poll, and Gwinn took over the numbers seven and eight spots respectively. Wakefield, tied for eighth a week ago, dropped to tenth this week.

Other schools receiving votes, in order, were West Iron County, Ishpeming, DeTour and Rudyard.  
Newspapers participating in the voting this week were the Houghton Mining Gazette, Sunday Visitor, Marquette Mining Journal, Menominee Herald-Leader, Escanaba Daily Press, Soo Evening News, Ironwood Globe, Crystal Falls Diamond Drill, Iron Mountain News and Iron River Reporter.

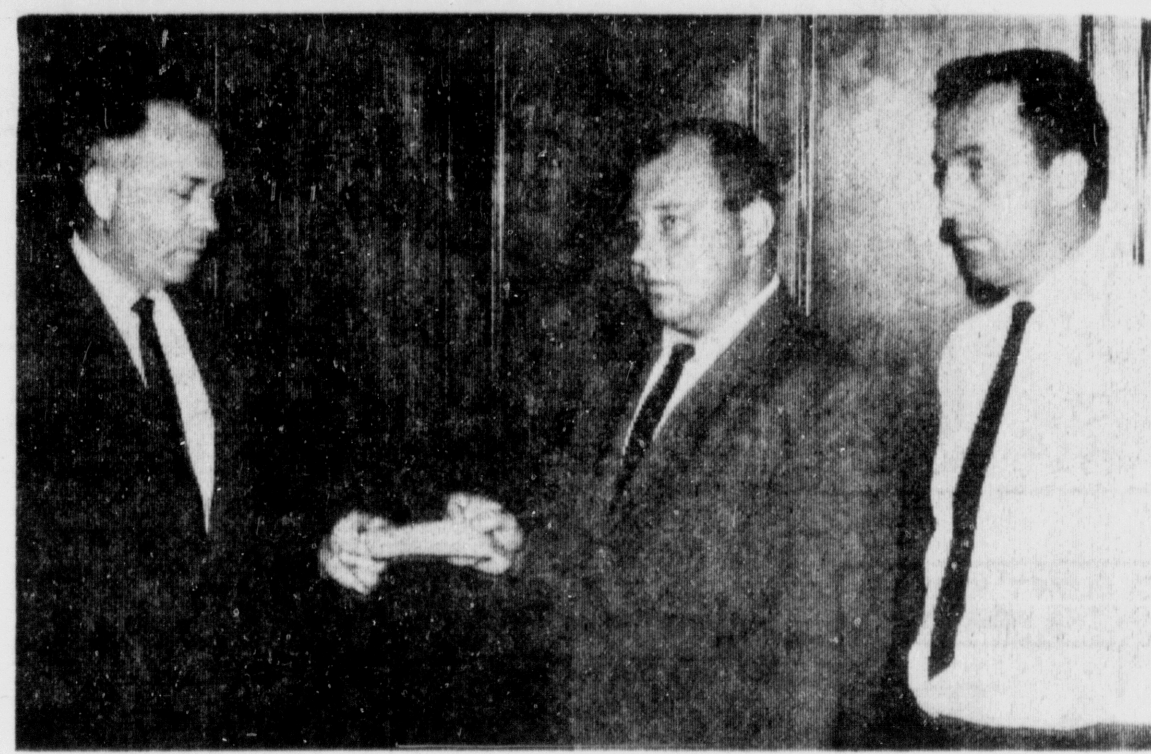

This week's top ten teams in first place votes in parenthesis are:  
**Team Pts.**  
1. Escanaba (9) ..... 96  
2. Marquette ..... 84  
3. Calumet ..... 71  
4. Menominee ..... 62  
5. Ironwood ..... 59  
6. Holy Name and Negaunee ..... 36  
7. Hancock ..... 23  
8. Gwinn ..... 21  
9. St. Ignace (1) ..... 18  
10. Wakefield ..... 13

After a long heard-fought battle, the Ice Boxes managed to hold on to the lead which they grabbed last week to capture their first place in the men's Two-Light League at the Escanaba Country Club last night.  
Members of the championship team are Bill Eis Sr., Jerry London, Bill VanEffen, Jim Bureau and Ted Graim.  
Harold VanEffen and Tom Gregorie set the pace in league play last night, each carding a 39. Bill Eis Sr., Dr. William LeMire, Burt Butler and Bill Perron were next in line, all with 40's. Arne Anderson was closest to the pin on No. 7.

Although league play has been completed, men's night will continue and golfers are asked to make their own four-somes. Dinner will still be served on the regular league night.  
Final team standings: Ice Boxes 40½; Pro-Five 41½; Finishers 40½; Chown's Clowns 40; Big O's and Green Berets 39; Acers 38½; Pea Soups 36½; Gravel Gerties 36; Tim's Tigers and Has Beens 35½; Hush Puppies 35; Pixies 33½; Iron Men 33; No-No's 32; Jack's Pack 31½; Tornado's 30 and Show-Men 28½.

# McNally's Single Enables Orioles To Edge Senators

in 13 innings and the Chicago White Sox won a doubleheader from California, 7-4 and 3-2.  
McNally, who won his first 15 games this season, boosted his record to 19-6, although he needed Ed Watt to get the last Senators out.  
His clincher was a bloop single to center in the sixth, scoring Merv Rettenmund, who had singled. McNally also sent Howard to the fence in left for his liner with the bases loaded and two out in the second, and led off the fifth with a double although he didn't score.  
Killebrew, who was 6-for-6 with four homers and 12 RBI in the three games with the A's before his sixth inning strikeout, lofted his three-run homer into the left field pavillion in the first inning.  
It raised his major league-leading RBI total to 134 and put the stocky slugger just two away from the AL homer leading totals of Oakland's Jackson and Howard.  
John Roseboro, with his third homer, and Leo Cardenas, No. 10, came up with consecutive solo homers in the fourth to add to the rout.  
The Twins then put it out of doubt with six runs in the fifth,

DICK CRAIG, left, accepts a \$200 check on behalf of the Athletic Field Improvement Committee to help defray the cost of lighting the Escanaba Athletic Field from Jim Green, president of the Escanaba Education Association and president-elect Frank Barak, (Anzalone Photo)

# Marichal Pitches Giants Into First With Victory

**By The Associated Press**  
Bacon and eggs... ham and swiss... lettuce and tomatoes. None of them go together as well as Juan Marichal and Candlestick Park.  
Marichal, the high-kicking right-hander, pitched the San Francisco Giants into first place in the National League's hectic West Division race Tuesday night, beating Atlanta 2-0 on a four-hitter.  
It was routine, almost automatic for Marichal, who is virtually unbeatable in Candlestick Park. The victory gave him a 13-1 record at home this season. He is 19-10 over-all, meaning away from home, Juan's mark is a somewhat mediocre 6-9.  
Elsewhere in the National League Tuesday, Chicago tripped Montreal 5-4, San Diego drubbed Houston 8-1, Pittsburgh downed Philadelphia 9-5 and

Los Angeles swept a doubleheader from Cincinnati, winning the opener 2-1 and taking the nightcap 3-2 in 12 innings. New York's game at St. Louis was postponed by rain.  
The shutout was the eighth this season for Marichal, tops in the National League, and his sixth at Candlestick. He has allowed just one run in his last 45 innings pitched at home.  
Hot-hitting Willie Mays drilled three hits and doubled home one of the two San Francisco runs. The other came on consecutive second inning singles by Ken Henderson, Jack Hiatt and Hal Lanier.  
It was the eighth consecutive complete game for Marichal and his 25th route-going effort in the last 33 starts.  
The victory moved the Giants back into first place and completed a four-day move from

fourth place to first in the West.  
LA's sweep moved the Dodgers into second place, one-half game behind the Giants and one percentage point ahead of the Braves.  
Wes Parker drove in all three Dodger runs in the nightcap victory including the winner on a 12th inning single after Ted Sizemore had doubled and reached third on a fielder's choice.  
The Dodgers rallied for two runs in the ninth inning to take the opener. The first run scored on a bases-loaded walk to Willie Crawford and the second on Johnny Bench's throwing error as the Cincinnati catcher attempted an inning-ending double play. Bench's double had driven in the game's first run with an eighth inning double.  
San Diego dealt another jolt to Houston's waning hopes, tagging the Astros with their sixth consecutive loss. Tommie Sisk coasted on a seven-hitter with Nate Colbert and rookie Ron Slocum slamming home runs.  
The loss left the fifth place Astros six games behind the Giants with just 16 games remaining.  
Chicago used home runs by rookie Oscar Gamble and veteran Billy Williams to beat Montreal. The victory combined with the Mets' rout at St. Louis, moved the Cubs back to within four games of New York. The Mets' magic number remained at 11.  
Pittsburgh used a 13-hit attack including homers by Jose Pagan and Al Oliver to whip Philadelphia. Matty Alou tagged three hits and Bob Moose, 11-3, struck out 13 Phillies for the victory.

RECORD WINDUP — Steve Carlton of the St. Louis Cardinals winds up for his record-setting 19th strikeout in Monday night's St. Louis-New York Mets game. Carlton's spectacular performance came to naught though, as the Mets won 4-3 on Ron Swoboda's pair of home runs, which drove in all four runs. (AP Wirephoto)

# Milwaukee Drivers Set Pace In Racing Finale

The Milwaukee area modifieds were the top attraction of the evening Tuesday night at the U.P. Fairgrounds when the 1969 racing season closed in Escanaba.

Although the crowd was held down somewhat because of postponement Sunday night because of rain and last night was a school night, the show was everything it was built up to be.

Wisconsin drivers set the pace during the evening as they captured first places in both the 40-lap feature and the 25-lap semi-feature.

Eighteen cars battled in the 40-lap feature before Johnny Garner walked off with the victory. Garner, Billy Goeden, Don Schuppel, Neil Sederberg and Bob Iverson ran in that order for most of the race. With five laps to go, the drivers started to make their moves, but Garner kept the groove, poured it on and took home the money flag. Goeden was second while Sederberg was right behind him followed closely by Iverson and Schuppel.

Twenty-four cars started in the 25-lap semi-feature and it took four restarts early in the race before they settled down. Roger "Von" Otto moved into first place early and stayed there to the end. Claude Potter, who trailed Otto most of the race, finished a close second and Ken Iverson of Escanaba was third.

In one of the closest races of the night, Ken Iverson led for nine of the ten laps in the fourth heat and held off several cars for the victory. Right behind Iverson at the finish line was his brother Bob and Sederberg was third. Very little distance separated the three cars at the finish line.

Duane "Whitey" Harris of Lake Villa, Ill., outdrew Jerry Richer to the finish line to capture the third heat. Bob Robal of Oconomowoc was third.

Gene Coleman of Menominee took home top honors in the second heat over Tom Challer of Wells and Dave Christiansen of Escanaba placed third.

A rookie driver, Rick Lemanski, picked up the checkered flag in the first heat, leading all the way over Ken Markward of Sheboygan.

Tom Schlie, with a time of :18.74, won the time trials for the first time this season.

In a six-lap race featuring the number one Milwaukee area driver, Neil Sederberg of Hartford, and the number one driver at Norway and Escanaba, Bob Iverson of Hyde, Iverson powered his 289 Ford into first on the green flag and stayed ahead of Sederberg's 350 powered Chevy to win.

# Puck Officials Strike League

**TORONTO (AP)** — Twenty National Hockey League referees and linesmen who walked out of their training camp in Brantford, Ont., Monday night have set up their own base here.

The dissenters, all members of the National Hockey League Officials Association, said Tuesday they will not handle any games until the NHL recognizes their association.

"We're paying our own way here too," one official said. "We lost our per diem when we left Brantford. We wouldn't be here if Campbell's figures about salaries were correct."

He was referring to statements made earlier by NHL President Clarence Campbell, who said referees earn between \$11,000 and \$25,000 a season, plus fringe benefits.

"There were linesmen who worked in the NHL last year who received a basic salary of \$5,000," another official said.

"One referee who worked in the NHL got a basic salary of about \$6,000 and he has been around for six years or so."

# Houston Coach Praises O.J.'s Pass Receiving

**By The Associated Press**  
Coach Wally Lemm of the Houston Oilers thinks O. J. Simpson is "possibly a greater threat as a receiver than as a runner."

"He's one hell of a threat," Lemm said Tuesday after viewing a film of Simpson's performance with the Buffalo Bills against the New York Jets last Sunday, his first regular season pro game.

Lemm said the famed running back from Southern Cal should make the Oilers' clash with Buffalo a tough game, even though he believes he has the best potential Oiler team since he returned as head coach in 1966.

"Simpson wasn't with the Bills when we beat them 24-7 in August so we know they are improved," Lemm said.

Simpson was limited to 35 yards in 10 carries, including an eight-yard run for his first touchdown. But he showed his breakthrough ability on two pass receptions for a 64-yard gain and on three kickoff returns for another 68 yards.

Simpson's heroics were not enough, however, as the Bills lost to the world champion Jets 33-19.

Houston dropped the opener against Oakland 21-17 but Lemm said "Oakland had two weeks to prepare for us and came out with some defense patterns we hadn't seen before. We didn't solve our adjustments entirely until we got to the blackboard at halftime."

Lemm said his only line-up change at Buffalo will find eight-year veteran Sonny Bishop at right guard in place of Jim Lemoine, a three-year man.

"because we'll need Sonny's greater experience and ability to adjust to situations."

In other developments, National Football League clubs revealed final, non-recall cuts made to reach Monday's 40-man limit.

Minnesota said it had claimed aging quarterback Zeke Bratkowski on waivers from Green Bay where he's serving as an assistant coach. But it's been reported Bratkowski will retire rather than play for the Vikings, and remain on the Green Bay staff.

A Minnesota spokesman said Vikings' General Manager Jim Finks probably will talk to Bratkowski today.

In a surprise move, San Francisco dropped center Bruce Bosley, a 14-year NFL veteran, and went one under the 40-man limit.

# Mathis Dropped In Ring Ratings

**NEW YORK (AP)** — Buster Mathis of Grand Rapids, Mich., who has been ranked ninth in the heavyweight boxing division, had been dropped from the latest ratings by Ring Magazine.

Gregorio Peralta of Argentina, who recently fought a 10-round draw with Oscar Bonavena, takes Mathis' place in the top 10. He is ranked 10th.

# Youthful Yanks Nip Tigers 7-6

**NEW YORK (AP)** — You'd have thought the pennant was at stake the way the New York Yankees and Detroit Tigers went at it Tuesday night.

The Yankees finally turned an unlucky ninth inning into a lucky 13th and nipped the defending world champions — who actually are out of the race and past defending anything — 7-6 on a sacrifice fly with the bases loaded by Bobby Cox.

Jerry Kenney started the winning rally with a single off Daryl Patterson, the seventh Detroit hurler. Thurman Munson, after failing to bunt, looped a hit-and-run single to right and Kenney raced to third. Pinch hitter Tom Shopay was intentionally walked and Horace Clarke filed to short center before Cox came through.

The Tigers return home today to begin a two-game stand with the last place Cleveland Indians, the last meeting of the two teams this season. Mike Kilkenny, 7-5, is scheduled to start for the Tigers against the Indians' Mike Paul 5-9.

John Hiller, who has a 5-0 lifetime record against the Yankees, was in line for the loss until the Tigers took him off the hook for the second time this year with three runs in the ninth.

Hiller relieved starter Earl Wilson in the first after the right-hander strained his pitching shoulder.

Cesar Gutierrez marked the tying tally with a one-out single and went to second on a wild pitch. Pinch hitter Jim Price got an infield hit.

McKee Stanley singled to center, scoring Gutierrez and making the score 6-4, but former Tiger Ron Woods threw pinch runner Dick Tracewski out at third. It turned out to be a game-saving when Jim Northrup followed with his 25th homer, knotting the score and kayoing Yankee starter Al Downing.

# Spartans Polish Grid Maneuvers

**EAST LANSING, Mich. (AP)** Michigan State University polished its offensive and defensive maneuvers in a no-contact drill Tuesday in a light drizzle.

It was the first time the Spartans practiced on the artificial turf during rain, and the players reported no problems during the nearly two-hour session.

The Spartans open their football season against Washington Saturday.

Bill Dawson, first string defensive tackle, returned to the lineup. He injured an ankle in a workout Saturday.

Dawson alternated at the defensive position Tuesday with Ron Joseph.

# Redskins Drop Ex-Lion Tackle

**WASHINGTON (AP)** — The Washington Redskins Tuesday out offensive tackle Jim Boeke, who was picked up earlier this summer from the Detroit Lions, from the squad.

Boeke was obtained by the Skins after being put on waivers by Detroit shortly before Washington lost to the Cleveland Browns in an exhibition game.

Boeke was in his 10th season.

## LEGAL NOTICES

**Sharp-tailed Grouse and Prairie Chickadee**  
The Natural Resources Commission under Act 230, P.A. 1925, as amended, hereby rescinds the July 12, 1968, order closing Baraga, Gogebic, Houghton, Keweenaw, and Menominee counties and on Drummond, Mackinac, and Neebish islands in Chippewa County, and establishes the following regulations for the hunting of prairie chickens and sharp-tailed grouse in Chippewa County:  
Zone 1: Open season - October 1 to October 15, inclusive except there shall be no open season in Baraga, Dickinson, Gogebic, Iron, Keweenaw, and Menominee counties, and on Drummond, Mackinac, and Neebish islands in Chippewa County.  
Bag Limits: 2 a day, 4 in possession, and 8 in a season in Chippewa, Delta, Houghton, Lapeer, Mackinac, and Schoolcraft counties.  
Approved July 11, 1969.

**Hungarian Partridge**  
The Natural Resources Commission, by authority of Act 230, P.A. 1925, as amended, hereby orders that for a period of five years from October 1, 1969, it shall be unlawful to take or attempt to take Hungarian partridge.  
Approved July 11, 1969.

**Fox Squirrels - Upper Peninsula**  
The Natural Resources Commission, by authority of Act 230, P.A. 1925, as amended, hereby orders that for a period of five years from October 1, 1969, it shall be unlawful to take or attempt to take fox squirrels in the Upper Peninsula.  
Approved July 11, 1969.

**Pheasants - Upper Peninsula**  
The Natural Resources Commission, by authority of Act 230, P.A. 1925, as amended, hereby orders that for a period of five years from October 1, 1969, during the open season on pheasants in the Upper Peninsula, it shall be unlawful to take more than one male pheasant per day, to have more than two in possession, or to take more than four during the season.  
Approved July 11, 1969.  
A-18209-Sept. 3, 10, 17, 24, 1969

**Regulating Hunting - Little Bay de Noc**  
The Natural Resources Commission, by authority of Act 230, P.A. 1925, as amended, hereby orders that for a period of five years from September 15, 1969, during any season open to the taking of waterfowl, it shall be unlawful to hunt in any manner within the following described area: Beginning at point where township line common to T 38 N and T 39 N intersects shoreline of Little Bay de Noc; thence easterly on extension of said township line a distance of 1 mile; thence northerly to easterly point of Sand Point; thence southwesterly along shoreline of said Bay to point of beginning, as posted.  
Approved August 15, 1969.  
A-18214 Sept. 10, 17, 24, 1969

## Complaints Drop

**DETROIT (AP)**—Police Commissioner Johannes Spreen says that citizens complaints against Detroit policemen have dropped from 149 for the first eight months of 1968 to 95 for the similar period this year. Improved police professionalism and department procedural changes were credited.

### Cement Plant Has No Concrete Plans: Officials

DETROIT (AP) — A controversial \$30 million cement plant under construction by the Peerless Cement Company has hit another snag.

City officials said the firm started construction on a 42-acre site on Detroit's West Side without a city building permit.

Peerless officials presented their case to a city planning commission, which took the matter under advisement.

The plant was embroiled in controversy last year when Mayor Jerome Cavanagh asked the City Council to approve the use of tax-free city bonds to finance the project.

Anxious to encourage industry, the council approved the plan.

But city officials now complain that Peerless failed to present its blueprints for them before construction began. As a result, some 20 alterations must be made in the plan before a permit can be issued.

City planners said the firm

### Two Flint Youths Reject Flag Salute

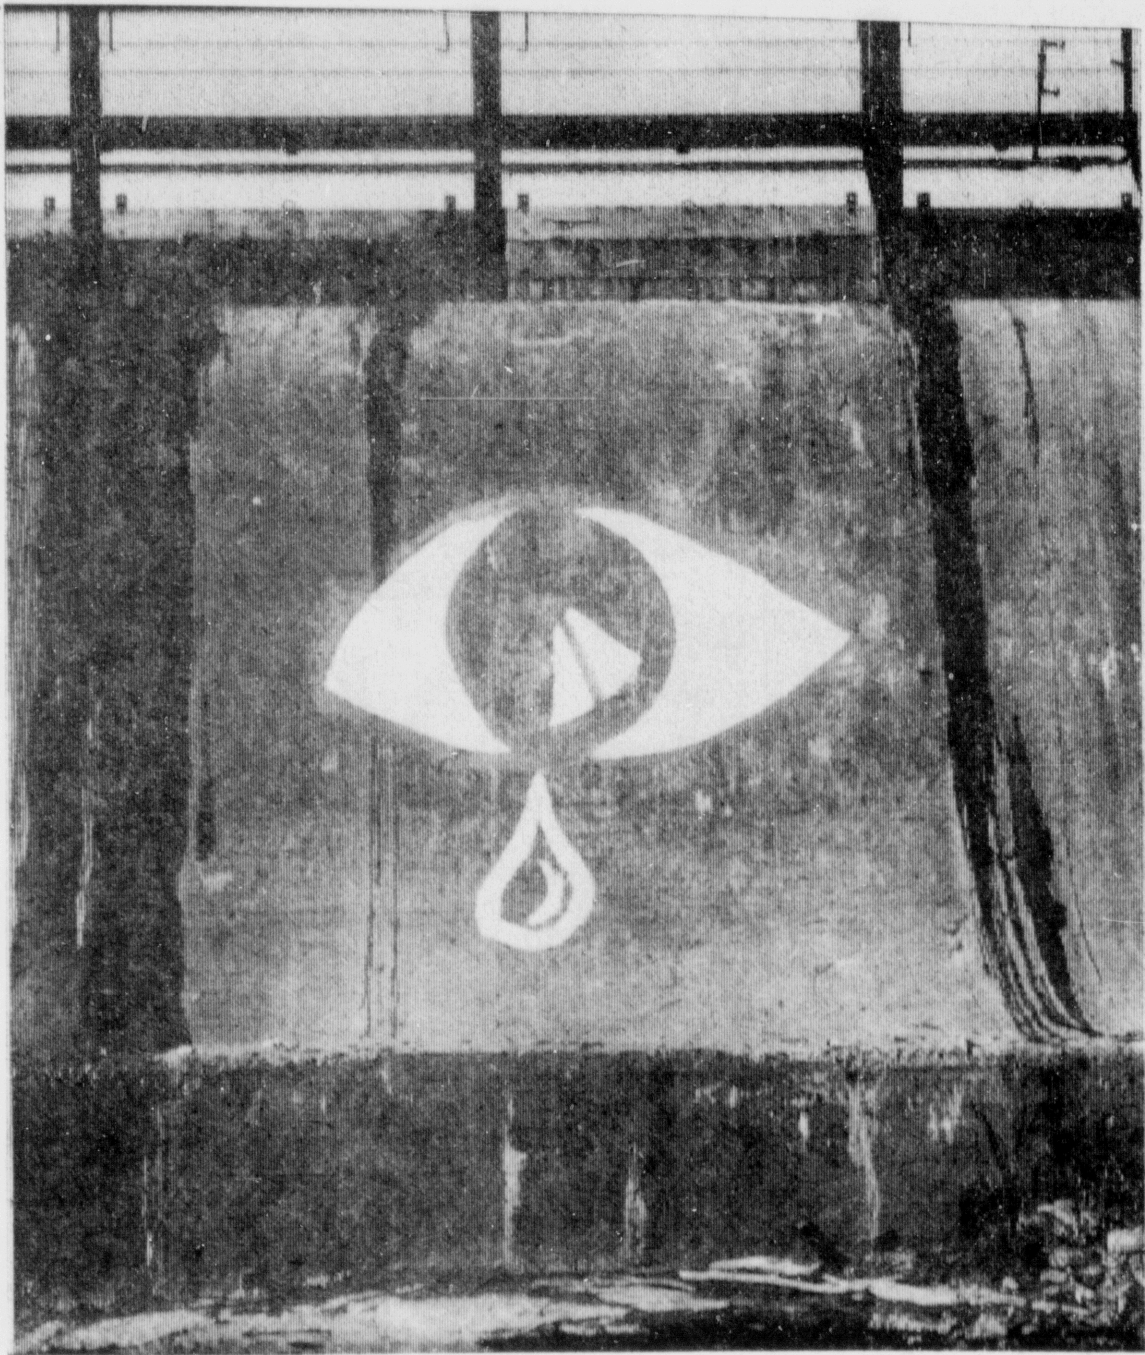

FLINT (AP) — Two persons walked out of a Flint City Commission meeting this week night rather than salute the U.S. flag.

Under the direction of acting-chairman Charles Mobley, the meeting began with a pledge of allegiance. Mobley announced afterward that persons who had not saluted the flag should leave the meeting.

Immediately two youths rose and left the room, commissioners said. The two had been sitting near a group of young people who had attended the meeting to protest the Sept. 5 arrest of six youths in a narcotics raid in a downtown Flint park.

has agreed to all but a few of the changes.

Objections to the plant have been voiced by residents of the West Side neighborhood. They contend it will create a traffic problem and contribute to air pollution.

THE CRYING EYE on the face of the power dam just above Highway U. S. 2-41 bridge across the Escanaba River carries a message of some kind, as yet undetermined. It was painted by an unidentified artist on Labor Day weekend. (Daily Press Photo)

## Introducing the 1970 Buicks.

Three of 36 great new Buicks.  
Three of the finest Buicks ever.  
Built with all the care and craftsmanship possible.  
Built with product integrity.  
Right down to the fine details.  
As a few of these fine details will prove.

Every 1970 Buick has a new cooling system that should never ever overheat. • Every 1970 Buick equipped with a V8 engine has an exclusive carburetor time modulated choke control. It will make for easy starts in any weather. • Every 1970 Buick is equipped with fiberglass belted tires as standard equipment. • Every 1970 LeSabre, Wildcat, Estate Wagon, Electra 225 and Riviera has an exclusive suspension system called AccuDrive. Never has handling been easier. • All the 1970 Buicks have the look that makes people look twice.

No wonder Buick owners will keep on buying Buicks. Buicks are automobiles you can believe in.

## Something to believe in.

Wouldn't you really rather have a Buick?

### Expo '70 Items Being Displayed At Michigan State

EAST LANSING (AP)—Looking ahead to Expo '70 in Japan, Michigan State University is displaying items of oriental artistic heritage at the campus museum.

Featured are rare art objects from the Ch'ing and Ming dynasties, emperors' robes and palace lanterns and a collection of some 85 Chinese teapots dating from the 17th century.

The origin and date, and in some cases a brief description of an item's use or significance, accompanying each piece on display.

"Netsukes," which Val Berryman, museum curator of historical artifacts, says are much sought after by western collectors, also may be seen. They are small Japanese carvings of ivory, wood, jade or metal which were hung from the belt much like watch fobs.

Items relating to current customs, including the Japanese gift cloth that is wrapped around presents but which the gift giver expects to be returned, are included in the museum collection.

Other oriental curiosities, such as infant-size ladies' slippers, cricket cages and incense burners, help paint a full picture of life as it used to be, the university says.

Donors of most items on display are Dr. Shao Chang Lee, MSU professor emeritus of foreign studies, and Mrs. Hazel Riese of San Francisco.

"This is 1969 . . . The Age of the Individual . . . when you can go to all lengths to be yourself. Paris has just given the go ahead on the long-view of fashion which doesn't cancel out the mini. It just means more variety . . . it means more choice."

"A Wardrobe of Lengths simply means greater fashion potential for everyone. You don't give up one length for the other. The authority of Paris has just made it easier to accept . . . the Wardrobe of Lengths."

## IT IS THE "AGE OF THE INDIVIDUAL"

We predicted last year — that the individual would dictate her own skirt-length preference.

WE ARE HAPPY AGAIN TO ASSURE YOU THAT WHEN THE FAIR STORE ANSWERS YOUR QUESTION ABOUT FASHION CONCEPTS, WE HAVE RESEARCHED TO GIVE YOU THE RIGHT ANSWERS.

IT IS . . . AS SHORT AS YOU DARE  
AS LONG AS YOU CARE

IT IS The individual attitude that counts
